BUILDING OUR FUTURE

February 2018

Nightwork on the Great Western Highway in Mt Victoria Village from Tuesday 20 February

The Australian and NSW governments are undertaking a \$250 million upgrade package on the Great Western Highway between Katoomba and Lithgow to improve traffic flow, safety and travel conditions.

Roads and Maritime Services is continuing to deliver an important 1.6 kilometre upgrade of the Great Western Highway through Mount Victoria village. We are moving towards the final stages of the project, and will be undertaking work in **Sections 1 and 2**.

The work will involve:

- resurfacing the road
- line marking and clearing.

To minimise impact to residents and road users, some of this work will be carried out at night. There will be up to **12 shifts** of night work from **Tuesday 20 February** to **Friday 9 March**, weather permitting. Our working hours will be between **7pm** and **6am**, **Sunday** to **Thursday**. Work will not be carried out on **Friday** or **Saturday** evenings.

Day work will also continue. Our day time working hours are between **7am** and **6pm** from **Monday** to **Friday** and between **8am** and **1pm** on **Saturdays**.

We have provided a map overleaf to show the work location.

How will the work affect you?

There will be some noise, light and possible traffic delays associated with this work. We will make every effort to minimise noise and delays, including ensuring our work program allows opportunities for respite.

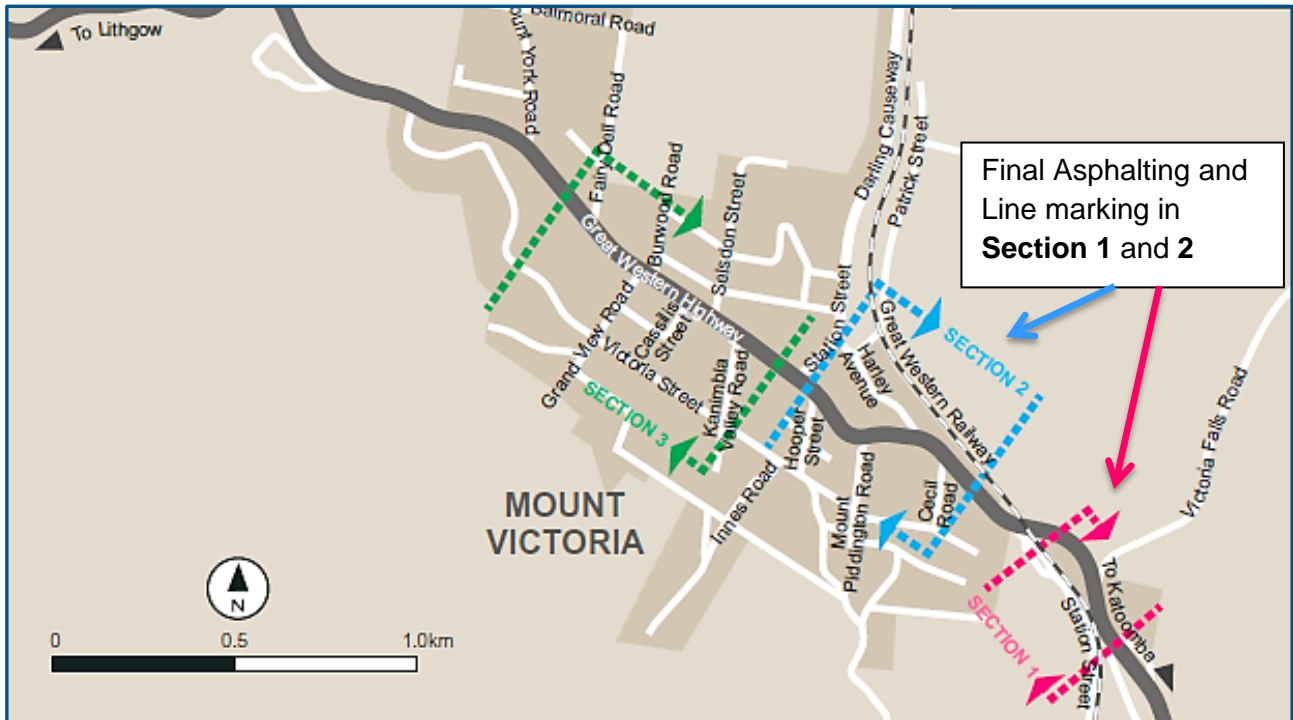

Work will be staged to minimise impact on residents with no more than three consecutive shifts of night work in the same location.

Traffic changes

Temporary traffic changes will be in place to ensure the work zone is safe for motorists and workers.

Please keep to speed limits and follow the direction of traffic controllers and signs. Please plan your journeys to allow for possible delays. For the latest traffic updates, call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
