

# Open to traffic – Intersection improvements at Great Western Highway, Eastern Creek

Roads and Maritime Services | October 2018

The NSW Government delivered this project to ease congestion and improve travel times on Sydney's busiest corridors.

Roads and Maritime Services has opened to traffic the upgraded intersection at Great Western Highway, Doonside Road and Brabham Drive.

The completed work helps ease congestion along Great Western Highway. The additional right turn lanes and widened eastbound and westbound left turn slip lanes allow more motorists to move along the highway unimpeded by vehicles turning onto Doonside Road and Brabham Drive.

Safety is also improved for pedestrians with additional pedestrian crossings at the intersection.

We will need to return to site to install a new street light on the corner of Doonside Road and Great Western Highway. We will be on site for **three night shifts** between **Friday 26 October** and **Friday 21 December**, weather permitting. Our work hours will be between **9pm** and **5am** from **Sunday** to **Friday**.
