

Investigation works

Heathcote Road Bridge safety improvements in Engadine

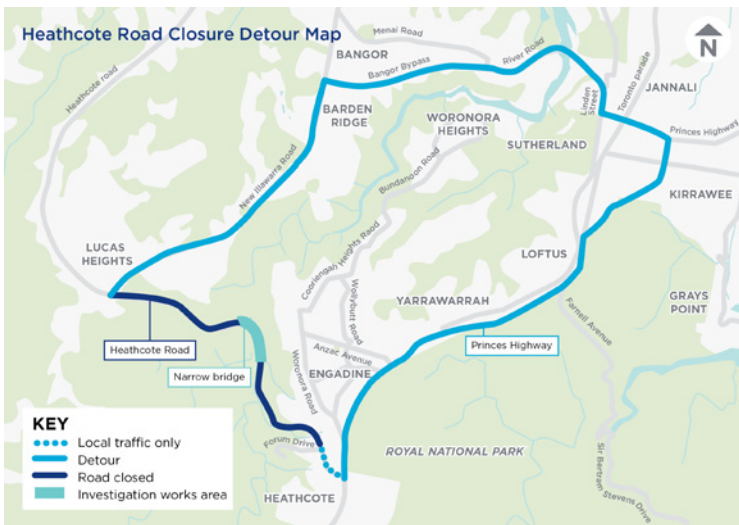

July 2020

Heathcote Road will be closed **three nights a week, Monday to Wednesday from 20 July 2020 to 5 August 2020**, as Transport for NSW undertakes important bridge safety investigation works.

Detour via Bangor Bypass

To safely carry out the works, Heathcote road will be closed to traffic between the intersection of Princes Highway and New Illawarra Road.

Motorists who plan to travel between 9pm and 5am during this period will need to take a detour via Bangor Bypass and allow for extra journey time if travelling to or from Lucas Heights.

Traffic controllers will allow only local traffic on to Heathcote Road from Princes Highway to access the Forum Drive residential area.

What works will be carried out?

We will be carrying out:

Mobile laser survey scanning and ground surveying through the approach and length of the bridge.

Road pavement boring and coring works to confirm ground conditions.

Geotechnical surveying.

Utility testing.

We will be on site for up to nine nights over this three-week period. While most investigation works will take place in the first two weeks, the final week will be reserved for any work that crops up due to unforeseen circumstances, including inclement weather.

Please follow the road signs and keep to speed limits for your safety.

For the latest updates, you can call **132 701**, visit livetraffic.com, or download the Live Traffic NSW app.

We appreciate your patience while we carry out this important safety work.

Heathcote Road night closure

20 July 2020 to 5 August 2020

Monday to Wednesday | 9pm to 5am

Thank you for your patience during this important work.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call us on **1800 572 004**. The interpreter will then assist you with translation.
