

## Investigation work near Heathcote Road, Holsworthy

The NSW Government is funding an upgrade of a two-kilometre section of Heathcote Road to reduce traffic congestion, improve safety, meet future traffic volumes and improve pedestrian and cyclist connectivity.

Roads and Maritime Services has been carrying out investigation work to inform the detailed design for the upgraded road. The upcoming work includes a survey of the road corridor, utility investigations and minor vegetation clearing. The work will be in the rail corridor and road reserve. The investigation work will start on **Monday 10 September** and will continue until **Saturday 20 October**. A map is included on the next page to show the proposed work area.

### Work Schedule

Roads and Maritime will carry out work for up to six weeks between **7am** and **6pm**, from **Monday to Friday**, and on **Saturdays** between **8am** and **1pm**, weather permitting. To minimise the impact on road traffic, it will be necessary to carry out some work within the rail corridor and road reserve in the evening and at night. The work will be intermittent over this period with only a small amount of work required during night. Where night work is required due to traffic conditions, our night work hours will be between **6pm** and **5am**, from **Sunday to Thursday**.

The work from **Monday 10 September** will include:

- a survey of the road corridor
- utility investigations
- minor vegetation clearing
- environmental inspections
- rail corridor possession and out-of-hours inspections.

### How will the work affect you?

The investigation work will be noisy. To reduce the impact on the community, the noisiest activities will be scheduled to occur during standard hours wherever possible. Due to traffic conditions in the area, and to limit the impact on local traffic, some of this work will occur in the evening and at night, weather permitting. For out-of-hours work, noisier activity will be scheduled earlier in the evening and will include planned rest time.

### Traffic changes

The work may cause minor delays for motorists due to temporary changed traffic conditions. Partial lane closures and a reduced speed limit will be in place at times while work is carried out to ensure the safety of road users and workers. Road users are asked to follow the direction of traffic controllers, adhere to reduced speed limits and follow traffic signs.

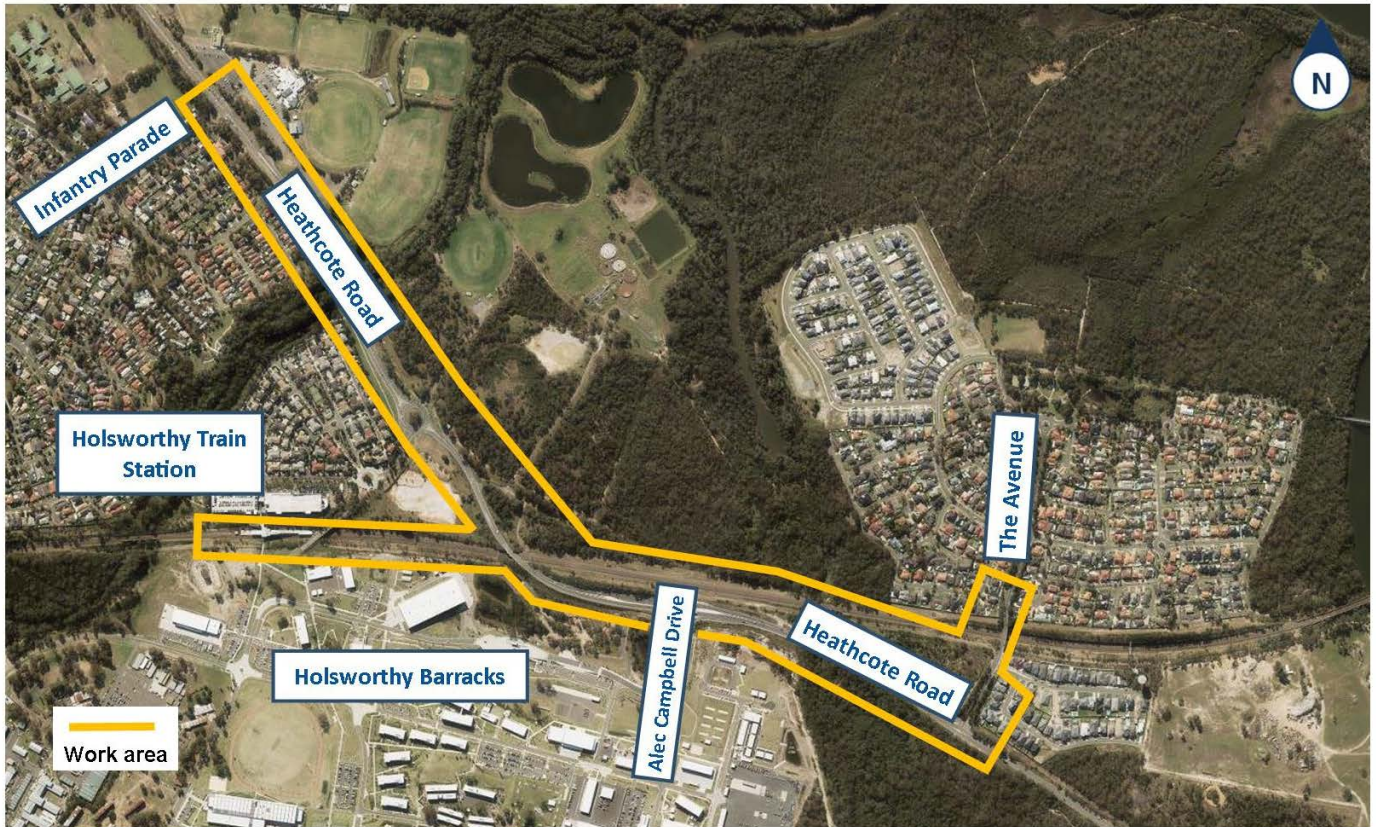

For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

## Contact

If you have any questions, please contact our delivery partner SMEC Australia on 1800 749 119 or email [HeathcoteRoadUpgrade@rms.nsw.gov.au](mailto:HeathcoteRoadUpgrade@rms.nsw.gov.au). For more information on our projects, visit [rms.nsw.gov.au](http://rms.nsw.gov.au).

Thank you for your patience during this important work.
