

Weekend and night work on Heathcote Road from 2 May 2022

The Australian and NSW Governments are upgrading Heathcote Road between Infantry Parade, Holsworthy and The Avenue, Voyager Point to help reduce congestion, improve road safety and provide more reliable journeys for all road users.

From Monday 2 May we will start weekend and night work along Heathcote Road between Infantry Parade, Holsworthy and The Avenue, Voyager Point.

The activities will include:

- Installing temporary traffic controls and signs between Infantry Parade and Artillery Road
- Installing additional concrete safety barriers
- Undertaking utility investigations (potholing) and relocations
- Removing existing asphalt and concrete pavement
- Removing vegetation
- Removing existing concrete median/kerb
- Constructing temporary pavements at various locations over the 2.2 km of Heathcote Road.

Our work

Work will take place over four night shifts per week for the month but only on two consecutive nights in the same area. Construction hours from **6pm to 7am Monday 2 May and Tuesday 31 May 2022**, weather permitting.

How will the work affect you?

The work will involve use of noisy machinery including road saws and jack hammers. We will make every effort to minimise noise, where possible, by staging the work along different parts of the work zone to minimise disruption, and completing the noisiest work before midnight.

Traffic changes

Traffic management controllers will be in place to direct pedestrians from the bus stop at Heathcote Road. There will be some temporary traffic changes to ensure the work zone is safe. Partial lane closures and a reduced 40km/h speed limit will be in place. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App. Thank you for your patience during this important work.
