

Continuing work on Henry Lawson Drive upgrade, Georges Hall

Community Update | March 2022

Transport for NSW is upgrading Henry Lawson Drive between Beale Street and Rabaul Road, to help ease congestion and improve journey reliability on this key road corridor.

The upgrade features an additional lane heading south between Beale Street and just south of Rabaul Road, a new pedestrian footpath on the eastern side between Rabaul Road and Haig Avenue and a permanent ban of the right turn from Henry Lawson Drive onto Rabaul Road. The project is expected to be completed in late 2022.

Work completed

Since we started work in mid November 2021, we have completed:

- site compound establishment at Kentucky Reserve
- survey works
- utilities and road pavement investigations
- trimming and cutting down trees selectively on the western side of Henry Lawson Drive.

Work coming up

From **Monday 28 February** until **Tuesday 31 May 2022**, we will work on:

- temporary alignment of traffic lanes and installation of barriers
- stormwater pipes installation
- pavement construction
- utility adjustments
- installation of stormwater pipe headwall at Georges River.

Our work schedule

We plan to work for **42 night shifts** and **64 day shifts** from the end of February until the end of May 2022. We will work up to **six nights** and **six days** a week, weather and worksite conditions permitting.

- daytime work hours - from **7am to 6pm, Monday to Friday** and from **8am to 1pm on Saturdays**
- night time work hours - from **8pm to 5am** the next day, **Sunday to Friday**.

There will be noise and disruptions associated with our work and we will work with the community to reduce any disturbance. This includes measures to reduce the effect of noisier tasks (such as jackhammering and concrete saw cutting) and completing these tasks before midnight.

Our work is in line with the current Public Health Orders and a COVID-19 Safe plan is in place, including masks and QR codes.

Traffic and pedestrian path changes

There will be temporary lane closures as we work to ensure the safety of road users and workers. There may also be a partial closure of footpath at our work area and alternative path and signs will be in place.

Please keep to speed limits and follow signs and traffic controller directions.

For the latest traffic updates, call 132 701, visit livetraffic.com or download the Live Traffic NSW app.
