

## Hill Road upgrade at Sydney Olympic Park and Lidcombe

May 2022

Transport for NSW is continuing planning of Hill Road upgrades between Parramatta Road, Lidcombe and John Ian Wing Parade, Sydney Olympic Park. The planned upgrades will support future development growth in the Carter Street Precinct and connectivity to Sydney Olympic Park, Parramatta Road and the M4 Motorway (eastbound) off ramp to Hill Road.

To inform detailed design planning Transport for NSW will undertake investigation work on Parramatta Road and Hill Road between **Sunday 29 May** and **Thursday 30 June 2022**.

Investigation work will be carried out in the below areas:

- Parramatta Road between Bombay Street and Frances Street, Lidcombe
- M4 Motorway eastbound and westbound on and off ramps and westbound on ramp at Hill Road, Sydney Olympic Park and Lidcombe
- Hill Road and Carter Street and John Ian Wing Parade intersections, Sydney Olympic Park.

The below map shows the location of the work.

## Our work schedule

We will be on site for up to **15 night shifts** between **Sunday 29 May** and **Thursday 30 June 2022**, weather permitting.

Our work hours will be between **9pm** and **5am** from **Sunday** to **Thursday**. We will be on site for **up to five nights a week**. We will not work on Saturdays or on public holidays.

## How will the work affect you?

Our work needs to be carried out at night to limit disruption to traffic and reduce safety risks to our workers and motorists.

The work may be noisy at times, but we will do everything we can to minimise noise impacts, including using quieter equipment where we can, turning off equipment and vehicles when they are not in use and completing the noisier tasks by midnight.

## Traffic changes

There will be some temporary traffic changes to make sure the work zone is safe. Lane closures will be in place and may affect travel times.

Please keep to speed limits and follow the direction of traffic controllers and signs.

For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

Transport for NSW thanks the community for their understanding while we complete this important work as quickly as possible.
