

## Single night closures of Martin Bridge, Taree on Sunday 9, Sunday 16, Sunday 23 and Sunday 30 August 2015

**The NSW Government is funding essential maintenance work on Martin Bridge to meet current bridge and B-double route standards, reduce future damage to the bridge and address maintenance needs.**

Roads and Maritime Services has completed the first stage of work to install the new traffic safety barrier along the full length of Martin Bridge. The second stage of work is currently underway.

Comments were invited from the community and stakeholders on the proposed bridge closure schedule in July 2015. We would like to thank everyone who took the time to consider our proposal and provide feedback.

Following a review of the comments, the single night bridge closures will proceed with some changes to the detour route to minimise impacts to properties.

### Traffic changes

The bridge will be closed to traffic **between 8pm and 5am on Sunday 9, Sunday 16, Sunday 23 and Sunday 30 August 2015**. A detour will be via the Pacific Highway and Cundletown as shown in the map included with this update.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App for iPhone, iPad and Android.

Work is continuing to repair and replace steel beams which have been damaged by vehicle collisions on the bridge. Due to high volumes of traffic on the bridge during the day, this work is being carried out at night on **Sunday to Thursday between 7pm and 5am** to minimise disruption to motorists.

The bridge is open during this night work with changed traffic conditions in place including single lane closures and reduced speed limits. Traffic control will be in place to direct motorists.

### How will the work affect you?

We will make every effort to minimise noise during the works.

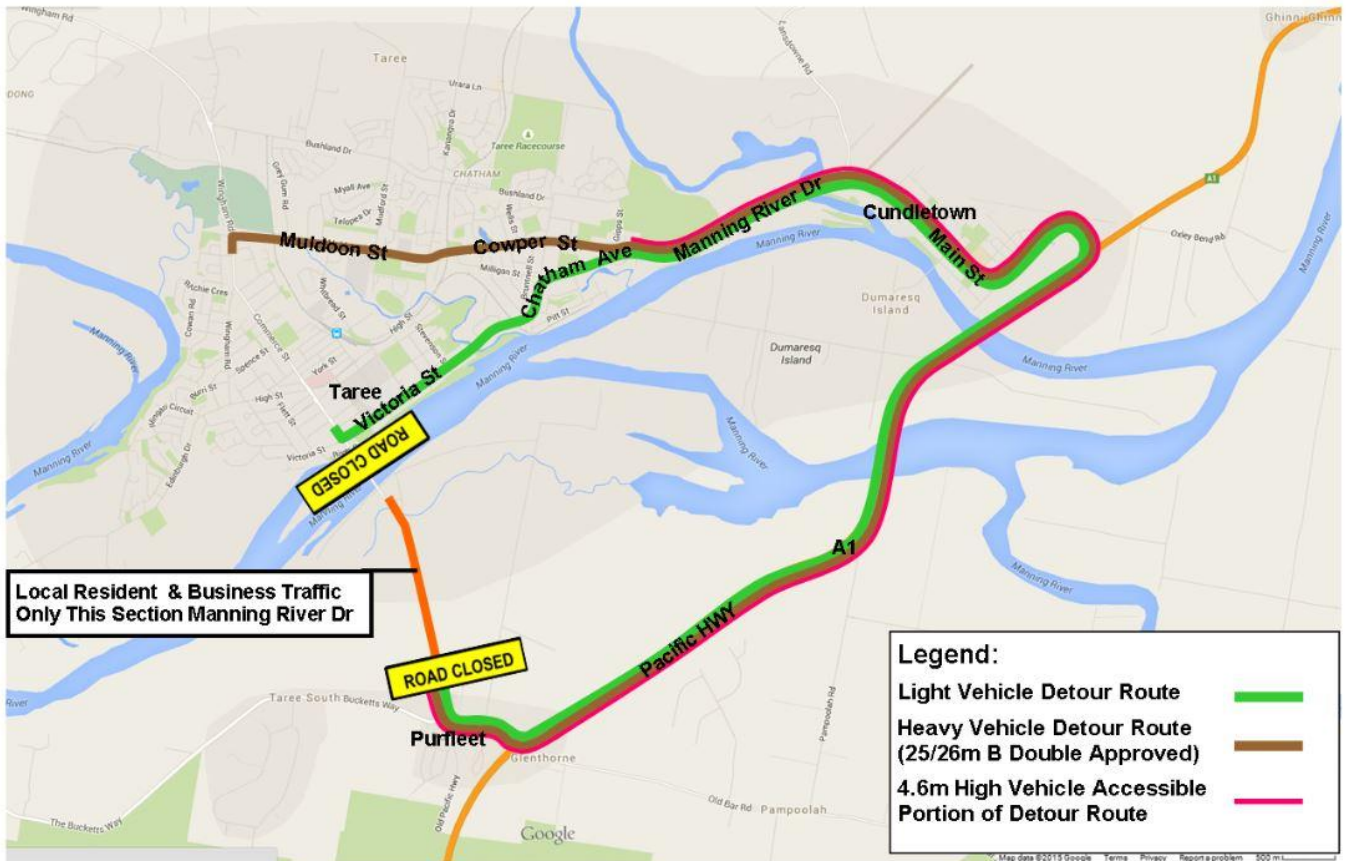

---

## Contact

If you have any questions, please call our Mikhail Lyte on 4924 0294 during business hours or email [mikhail.lyte@rms.nsw.gov.au](mailto:mikhail.lyte@rms.nsw.gov.au).

For more information on our projects, visit [rms.nsw.gov.au](http://rms.nsw.gov.au)

Thank you for your patience during this important work.

Detour route – 17 kilometres or 20 minutes travel time.
