

Work continuing on the Princes Highway between James Street and south of Torrens Street, Blakehurst Community Update | April 2022

Since our last update in January 2022, we have continued work upgrading the Princes Highway between James Street and south of Torrens Street. The project is progressing well and is on track for completion in late 2022, weather permitting.

What's happened?

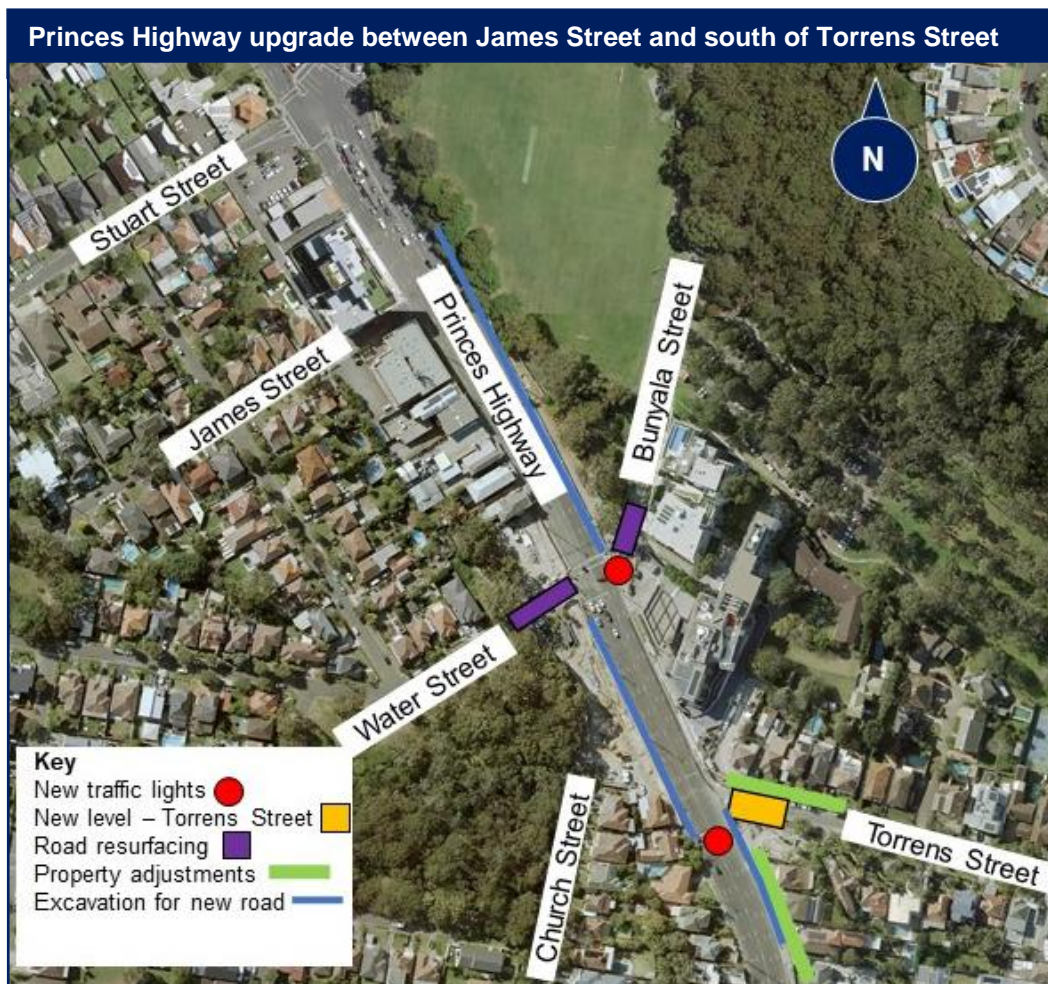

Between January and March 2022, we have:

- completed private property adjustments
- continued utility relocation work
- upgraded the Torrens Street intersection, raising the grade of the new road
- continued with excavation to make way for the new lane.

What's next?

Between April and the end of June 2022, we will:

- complete the installation of new traffic lights at Torrens Street and Bunyala Street
- upgrade and re-surface Bunyala Street, Church Street and Water Street
- complete utility investigation and relocation
- continue excavation to build the new lane.

How will the work affect you?

There will be noise and disruptions associated with our work. We will work with the community to minimise disruption, including applying noise mitigation measures to reduce work impacts (such as jackhammering and concrete saw cutting), and completing these noisy tasks before **midnight**.

We will update you as work progresses and notify you prior to any changes to our work schedule.

Traffic changes

There will be temporary lane closures and detours in place while we work to ensure the work area is safe for both road users and our workers. There may also be partial closure of footpaths in other work areas and clearly marked pedestrian detours will be provided. Temporary road closures will be in place at Bunyala Street at Water Street while we re-surface the road. Directly impacted residents will receive prior notification.

Please keep to speed limits and follow signs and traffic controller directions. For the latest traffic updates, call 132 701, visit livetraffic.com or download the Live Traffic NSW app.

Our work schedule over the next three months

We will work up to 65 day shifts and 60 night shifts between Friday 1 April 2022 and Thursday 30 June 2022, weather and site conditions permitting.

Our **day** work hours are **7am to 6pm, Monday to Friday** and **8am until 1pm on Saturdays**. No work will take place on Sundays during the day, or on public holidays. Our **night** work hours are **6pm until 5am** the next day, up to **five (5) nights per week**. There will be no night work on Fridays or Saturdays.

We will not work during **Easter** on Friday 15, Sunday 17 and Monday 18 April, and on **Anzac Day** Monday 25 April 2022.
