Thank you for your patience during this
important work.

Safe removal of asbestos containing material

Asbestos containing materials may be
discovered in the ground in the project area as
the project progresses. If we identify asbestos
containing material, we will implement an
asbestos management plan which details safe
work practices and will ensure all work is
managed to strict Environment Protection
Authority requirements. There is no risk to
nearby residents.

How will the work affect you?

Our work hours are 8am-6pm Monday to
Friday and 8am – 1 pm on Saturdays.

We will work during the day wherever we can,
however a lot of this work will be done during
the night, to reduce impacts to the local traffic
network and to ensure the safety of our
workers.

The work may be noisy at times however we
will cease noisy activities such as using a
concrete saw or chainsaw, prior to midnight.
We apologise for any inconvenience this may
cause and we appreciate the patience of
residents, pedestrians and cyclists.

Traffic control will be in place while we work.
For your safety, please follow the directions of
traffic controllers.
