How will the work affect you?

We will be completing our work at night to reduce traffic disruption and any risks to the workers and road users during the day. The nightwork will involve some use of noisy machinery. We will make every effort to lessen the disturbance where possible, completing noisier work earlier in the evening and turning off vehicles when not in use.

Traffic changes

There will be some temporary traffic changes to make the work zone safe. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
