

Kissing Point Wharf Upgrade

An artist's impression of the proposed new Kissing Point Wharf viewed from the water

The NSW Government is improving Kissing Point Wharf as part of the Transport Access Program. Kissing Point Wharf will be temporarily closed from Monday 3 August 2020 for about five months, weather permitting.

The upgrade is part of the major progressive upgrade of ferry wharves across Sydney Harbour.

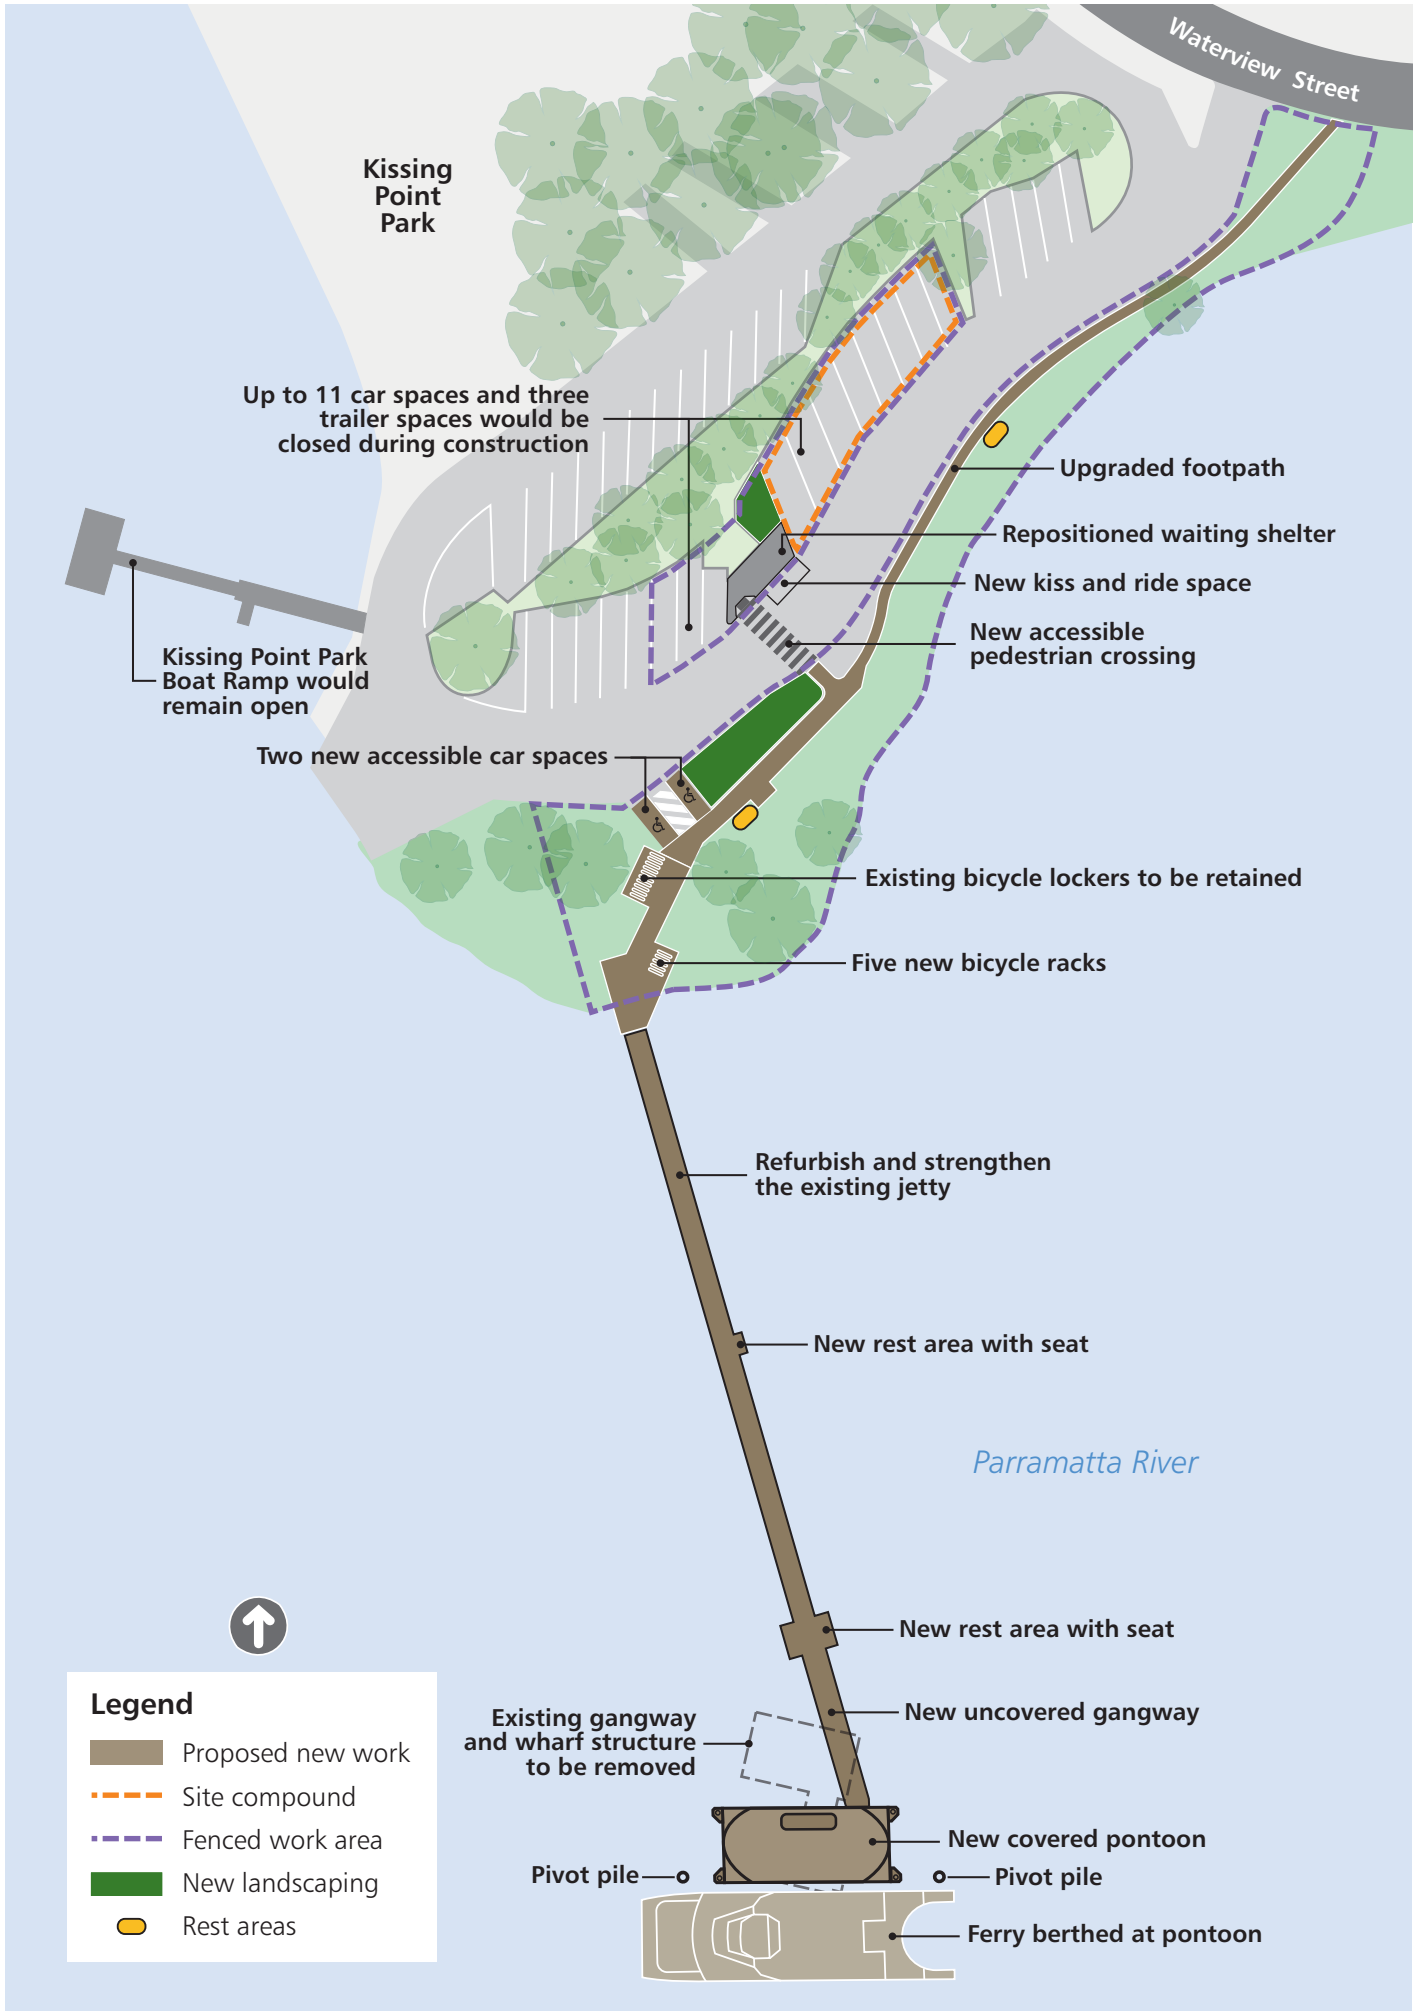

A temporary construction site compound will be established near the wharf for the duration of the project. The area will be fenced off and access restricted to authorised personnel and visitors.

Construction activities will include:

The upgraded wharf would provide customers with an improved public transport experience including:

- ▶ site establishment – installing fencing, site hoarding and site sheds
- ▶ partial demolition and refurbishing and strengthening the remaining jetty and building new rest areas
- ▶ removing and replacing existing wharf structures
- ▶ installing steel piles, gangway and pontoon
- ▶ new wharf fit out including new seating and customer information
- ▶ improving footpaths and installing rest areas
- ▶ installing new accessible pedestrian crossing
- ▶ installing accessible parking spaces
- ▶ installing new kiss and ride parking and new bicycle hoops
- ▶ landscaping and installing wayfinding signage.
