Have your say - Proposed safety improvements on Lang Street, Kurri Kurri

Community feedback is invited on proposed safety improvements between Merthyr Street and Cantwell Street aimed at reducing the risk of crashes.

Transport for NSW is seeking your feedback on a proposal to improve safety on Lang Street at Kurri Kurri.

Between October 2014 and April 2020, there were 12 crashes along this section of Lang Street including seven rear-end crashes, two crashes involving turning vehicles and three crashes involving pedestrians.

The proposal aims to address these crash types and reduce the risk of crashes between Merthyr Street and Cantwell Street. We have included a diagram to show the proposed work.

The proposal involves:

- Resurfacing the road, adjusting drainage and installing new line marking
- Providing right turn and left turn lanes into Stanford Street, Greta Street and Heddon Street
- Building three concrete pedestrian refuges and a wide painted central median to allow pedestrians to cross one direction of travel at a time
- Adjusting parking to accommodate the left turn lanes and pedestrian refuges, which will involve installing a section of angled parking between Merthyr Street and Stanford Street, and Stanford Street and Greta Street.
- Removing some parking spaces in front of properties to accommodate the new proposed pedestrian refuges.

Cessnock City Council are also proposing some work to complement Transport's proposed safety improvements. This includes:

- Building a concrete footpath between Stanford Street and Greta Street connecting to the new refuge
- Building a concrete footpath from the bus stop near Heddon Street to connect to the new refuge located between Heddon Street and Cantwell Street

How can you give feedback?

You are invited to provide feedback by **Monday 19 April** to our Project Manager, Paul Galvin via:

Email: Paul.Galvin@transport.nsw.gov.au

Mail: Paul Galvin,
Transport for NSW
Locked Bag 2030
Newcastle NSW 2300

Next steps

We will carefully consider your feedback and provide an update to the community on the outcomes and next steps for the project.

Contact

If you have any questions, please contact our Project Manager, Paul Galvin on 02 4908 7735 or Paul.Galvin@transport.nsw.gov.au.
