Dear Deanne,

RE: ER Approval of Minor Amendment M12 Motorway – Early Works Flora and Fauna Management Sub-Plan (Electrical Relocation and Water Main Installation) Revision G

Thank you for providing the following document for Environmental Representative (ER) approval of minor amendments as required by the Condition of Approval A34 (i) of the M12 Motorway approval (SSI 9364):

- M12 Motorway – Early Works Flora and Fauna Management Sub-Plan (Electrical Relocation and Water Main Installation) Revision G

I have reviewed the minor amendments made to the document by Transport for NSW. Changes involve minor boundary changes at the north western end of the existing Early Works footprint and to the Early Works footprint on the south side of Badgerys Creek Rd roundabout.

As an approved ER for the M12 Motorway project, I am satisfied the minor amendments involves minor updates to work detail, do not increase impacts and are consistent with the terms of the approval and project documents. Therefore I approve the minor amendments to the subject Early Works Environmental Management Plan.

Yours sincerely

George Kollias
Environmental Representative – M12 Motorway
