

M12 Motorway investigation work from 18 March 2020

The Australian and NSW governments are proposing to build the M12 Motorway to provide direct access to the Western Sydney International Airport at Badgers Creek and connection to Sydney's motorway network.

Transport for NSW is continuing to develop the proposed M12 Motorway. We need to carry out some further investigation work along parts of the M7 Motorway and Wallgrove Road, Cecil Hills from **Wednesday 18 March**.

The investigations work will involve coring and drilling holes in and around the road surface to test the soil in the area where the future M12 Motorway would connect to the M7 Motorway.

Our work schedule

We will be on site between **Wednesday 18 March and Thursday 28 May**, weather permitting.

We will work up to five days and three nights per week for the duration of the work.

Our daytime work hours are **7am to 6pm Monday to Friday**. Our night time work hours will be between **9pm and 5am from Sunday to Thursday**.

Contact

If you have any questions, please contact the project team on 1800 517 155 or m12motorway@rms.nsw.gov.au

For more information on the project, visit rms.nsw.gov.au/m12

Thank you for your patience during this important work.

How will the work affect you?

Our work may be noisy at times but we will do everything we can to minimise its impact, including completing noisier tasks by midnight where possible and turning off machinery when not in use.

Machinery used may include lighting towers, track mounted drilling rigs, generator, vacuum truck and hand tools.

Traffic changes

There will be some temporary traffic changes and lane closures during the night work on the M7 Motorway and Wallgrove Road to ensure the work zone is safe for motorists and workers.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
