

M12 Motorway – night works on Elizabeth Drive

The Australian and NSW governments are building the M12 Motorway to provide direct access to the Western Sydney International Airport at Badgerys Creek and connect to Sydney’s motorway network.

What we are doing?

Transport for NSW will continue work to investigate a gas main located next to Elizabeth Drive in Cecil Park. During this work, on **Monday 21 November and Tuesday 22 November 2022**, we will:

- set up traffic control including speed reduction, lane closures and/or stop-go arrangements
- relocate concrete barriers.

These work activities need to be carried out at night to minimise traffic disruptions and reduce safety risks to our workers and motorists.

M12 Motorway – gas main works continuing

Our work schedule

We will work on **Monday 21 November** and **Tuesday 22 November 2022**, weather permitting. Our work hours are between **9pm** and **5am**.

What equipment will be used?

During this work we will use a truck, light vehicles, water pump, crane and lighting towers.

How will this work affect you?

During our works you may see increased activities in the area.

The work may be noisy at times, but we will do everything we can to minimise its impact, including completing noisier activities earlier in the night before 11pm, where possible, and turning off equipment and machinery when not in use.

Please contact us if you have any concerns or questions about this work.

Traffic Changes

There will be temporary traffic changes in place along Elizabeth Drive for the safety of motorists and our workers.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call **132 701**, visit **livetraffic.com** or download the Live Traffic NSW App.
