

# M12 Motorway - West

## Preparation work

The Australian and NSW governments are building the M12 Motorway to provide direct access to the Western Sydney International Airport at Badgerys Creek and connect to Sydney's motorway network.

From **Friday 5 August 2022** we will start work to prepare for the major construction on the west section of the M12 Motorway between The Northern Road and Luddenham Road, Luddenham to Badgerys Creek and to Elizabeth Drive, Luddenham.

During preparation work, we will:

- survey
- install temporary and permanent fencing, access gates and erosion sediment controls
- remove trees, vegetation and topsoil to clear the work zone
- set up the main site office and work site compound.

## M12 West - Preparation work

### What equipment will be used?

We will use plant equipment such as excavators, trucks, dozers, compactors, rollers, truck and trailers and water carts. At various times we will use delivery trucks for float of plant and material delivery.

### How will this work affect you?

During the construction work you may see increased activity or hear some construction-related noise in the area. However, we do not expect there to be any impact on our neighbours.

We will contact landowners who may have livestock that needed to be moved during the work.

### Working hours

We will work up to six days a week. Our work hours are between **7am** and **6pm** from **Monday** to **Friday** and **8am** and **6pm** on **Saturdays**. There will be no work on public holidays.

We will keep the community informed of work needed to be completed outside of these hours.

### Out of hours deliveries

For the safety of workers and motorists, we will deliver oversized site sheds to our construction compounds located on Luddenham Road and Elizabeth Drive, Luddenham outside of our normal working hours.

The oversized delivery trucks will enter the site and park only. The sheds will be moved off the trucks during the standard construction hours using small cranes.

We will be in contact with nearby residents to provide further details. Please contact us if you have any concerns or questions about this work.

### Traffic changes

There will be temporary traffic changes along the work zone during our work hours to ensure the work zone is safe.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call **132 701**, visit **livetraffic.com** or download the Live Traffic NSW App.
