Dear Deanne,

RE: Endorsement of M12 Motorway – Early Works Site Establishment Management Plan (Temporary Roundabout) Revision E

Thank you for providing the following document for Environmental Representative (ER) review and endorsement as required by the Condition of Approval A16 and C15 of the M12 Motorway approval (SSI 9364):

- M12 Motorway – Early Works Site Establishment Management Plan (Temporary Roundabout) Revision E

I have reviewed this Early Works Site Establishment Management Plan (EWSEMP) which was prepared by CPB Contractors and Transport for NSW. Previous versions of the document have been reviewed and updated following comments from the ER.

As an approved ER for the M12 Motorway project, I consider this EWSEMP is consistent with the requirements under the subject approval, including the (Early Works) Noise and Vibration Monitoring Program as per Condition of Approval C14. This EWSEMP may be submitted to the Planning Secretary for approval.

Additionally I concur with the included assessment, regarding the impacts of the Minor Ancillary Facilities within the work area, is consistent with Condition A20.

This endorsement is limited to the requirements of the Condition of Approval A16 relating to this plan. This plan forms Appendix B1 of the Early Works Environmental Management Plan (Temporary Roundabout) and is associated with the Early Works Flora and Fauna Management Sub-Plan (Temporary Roundabout). These associated plans are not part of this endorsement.

Yours sincerely

George Kollias
Environmental Representative – M12 Motorway
