Dear Mr Shackleton,

Re: SSI 9364 - M12 Motorway - CoA A36 Notification of Early Works Commencement

In accordance with the M12 Motorway (SSI-9364) conditions of approval (CoA) A36 I wish to notify the Department of TfNSW's intention to commence early works for the project on 02 November 2021.

TfNSW previously notified the Department that the Early Works contractor would likely commence on 20 September 2021, however due delays in contract award and preparation of pre-work documentation, this date has now been confirmed as 02 November 2021.

Yours sincerely
