Dear Deanne,

RE: Endorsement of M12 Motorway – Construction Soil and Water Management Sub-plan Revision F

Thank you for providing the following document for Environmental Representative (ER) review and endorsement as required by the Condition of Approval A34(d)(i) and C15 of the M12 Motorway approval (SSI 9364):

- M12 Motorway – Construction Soil and Water Management Sub-plan Revision F November 2021
- M12 Motorway – Construction Soil and Water Monitoring Program Revision F November 2021 (CSWMP Appendix C)

I have reviewed the Overarching Construction Environmental Management Plan (OCEMP) and associated Sub-plans, which have been prepared by Transport for NSW. Previous versions of the subject document have been reviewed and updated following comments from the ER.

As an approved ER for the M12 Motorway project, I consider this OCEMP Sub-plan is consistent with the requirements under the project approval, including the Construction Soil and Water Monitoring Program as per Condition of Approval C11. This OCEMP Sub-plan may be submitted to the Planning Secretary for approval.

This endorsement is limited to the requirements of the Condition of Approval C4, C5, C11 and C13 relating to this plan. The OCEMP and other associated Sub-plans are not part of this endorsement, as these endorsements will be provided separately.

Yours sincerely

George Kollias
Environmental Representative – M12 Motorway
