

## M12 Motorway - West Night work along Elizabeth Drive Badgerys Creek and Luddenham Road Luddenham

The Australian and NSW governments are building the M12 Motorway to provide direct access to the Western Sydney International Airport at Badgerys Creek and connect to Sydney's motorway network.

### What are we doing?

Transport for NSW will continue night work for **25 night shifts** between **Monday 28 November 2022** and **Friday 13 January 2023** along Elizabeth Drive east of Luddenham Road in Badgerys Creek and Luddenham Road, Luddenham. During this work, we will:

- clear trees and vegetation at the eastern end of Elizabeth Drive
- repair, maintain and install pavement, barriers, line marking, signage and road furniture as required
- deliver spoil to the construction site on Elizabeth Drive
- install retaining wall panels on Elizabeth Drive
- deliver, use and remove oversized equipment when needed.

These works need to be carried out at night for the safety of our workers and motorists and to minimise traffic disruption.

We will also start construction at the eastern end of the M12 west alignment. This work will be carried out during the day.

### Work Hours

Our night work hours are between **6pm** and **7am**, Monday to Friday. Our day time work hours are from **Monday** to **Friday** between **7am** and **6pm** and between **8am** and **6pm** on **Saturdays**. There will be no work on Sundays or public holidays.

### What equipment will be used?

During the work we will use excavators, compactors, light and heavy vehicles, chain saws and hand powered tools, shredders and mulchers, small cranes and wheeled excavators, vacuum truck, water cart, sweepers, milling machines and asphalt pavers, water blasters for line marking removal, and line marking trucks.

When we deliver the oversized equipment, we will use semi-trailer floats to deliver and remove it. When we work at night and on the road, we will use lighting towers and have traffic control in place.

## Work zones – Elizabeth Drive, Badgerys Creek and Luddenham Road, Luddenham

### How will this work affect you?

During our works you may see increased activities in the area.

The work may be noisy at times, but we will do everything we can to minimise its impact, including completing noisier activities earlier in the night before **11pm**, where possible, and turning off equipment and machinery when not in use.

We will not work more than two nights in a row and three nights in the same week in the same location.

### Traffic changes

There will be temporary traffic changes along the work zone during our work hours to ensure the work zone and traffic is safe while the equipment is used, delivered and removed.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW app.
