

Changes to bus stops on Menai Road, Princes Highway and the Kingsway

Have your say – November 2019

The NSW Government has funded the Gateway to the South bus improvements program. The program aims to improve the reliability of bus services on southern Sydney's main bus corridors.

Transport for NSW has identified some ways to improve the reliability of buses along the Miranda to Bankstown via Menai bus corridor.

As a part of this program, Transport for NSW and Roads and Maritime Services, in consultation with bus operators and local councils are proposing to make changes to some bus stops on Menai Road, Menai, the Princes Highway, Kirrawee and the Kingsway, Miranda.

The proposed changes to bus stops are mainly serviced by bus routes M92 and 962.

We have included a map to help explain our proposal.

Background

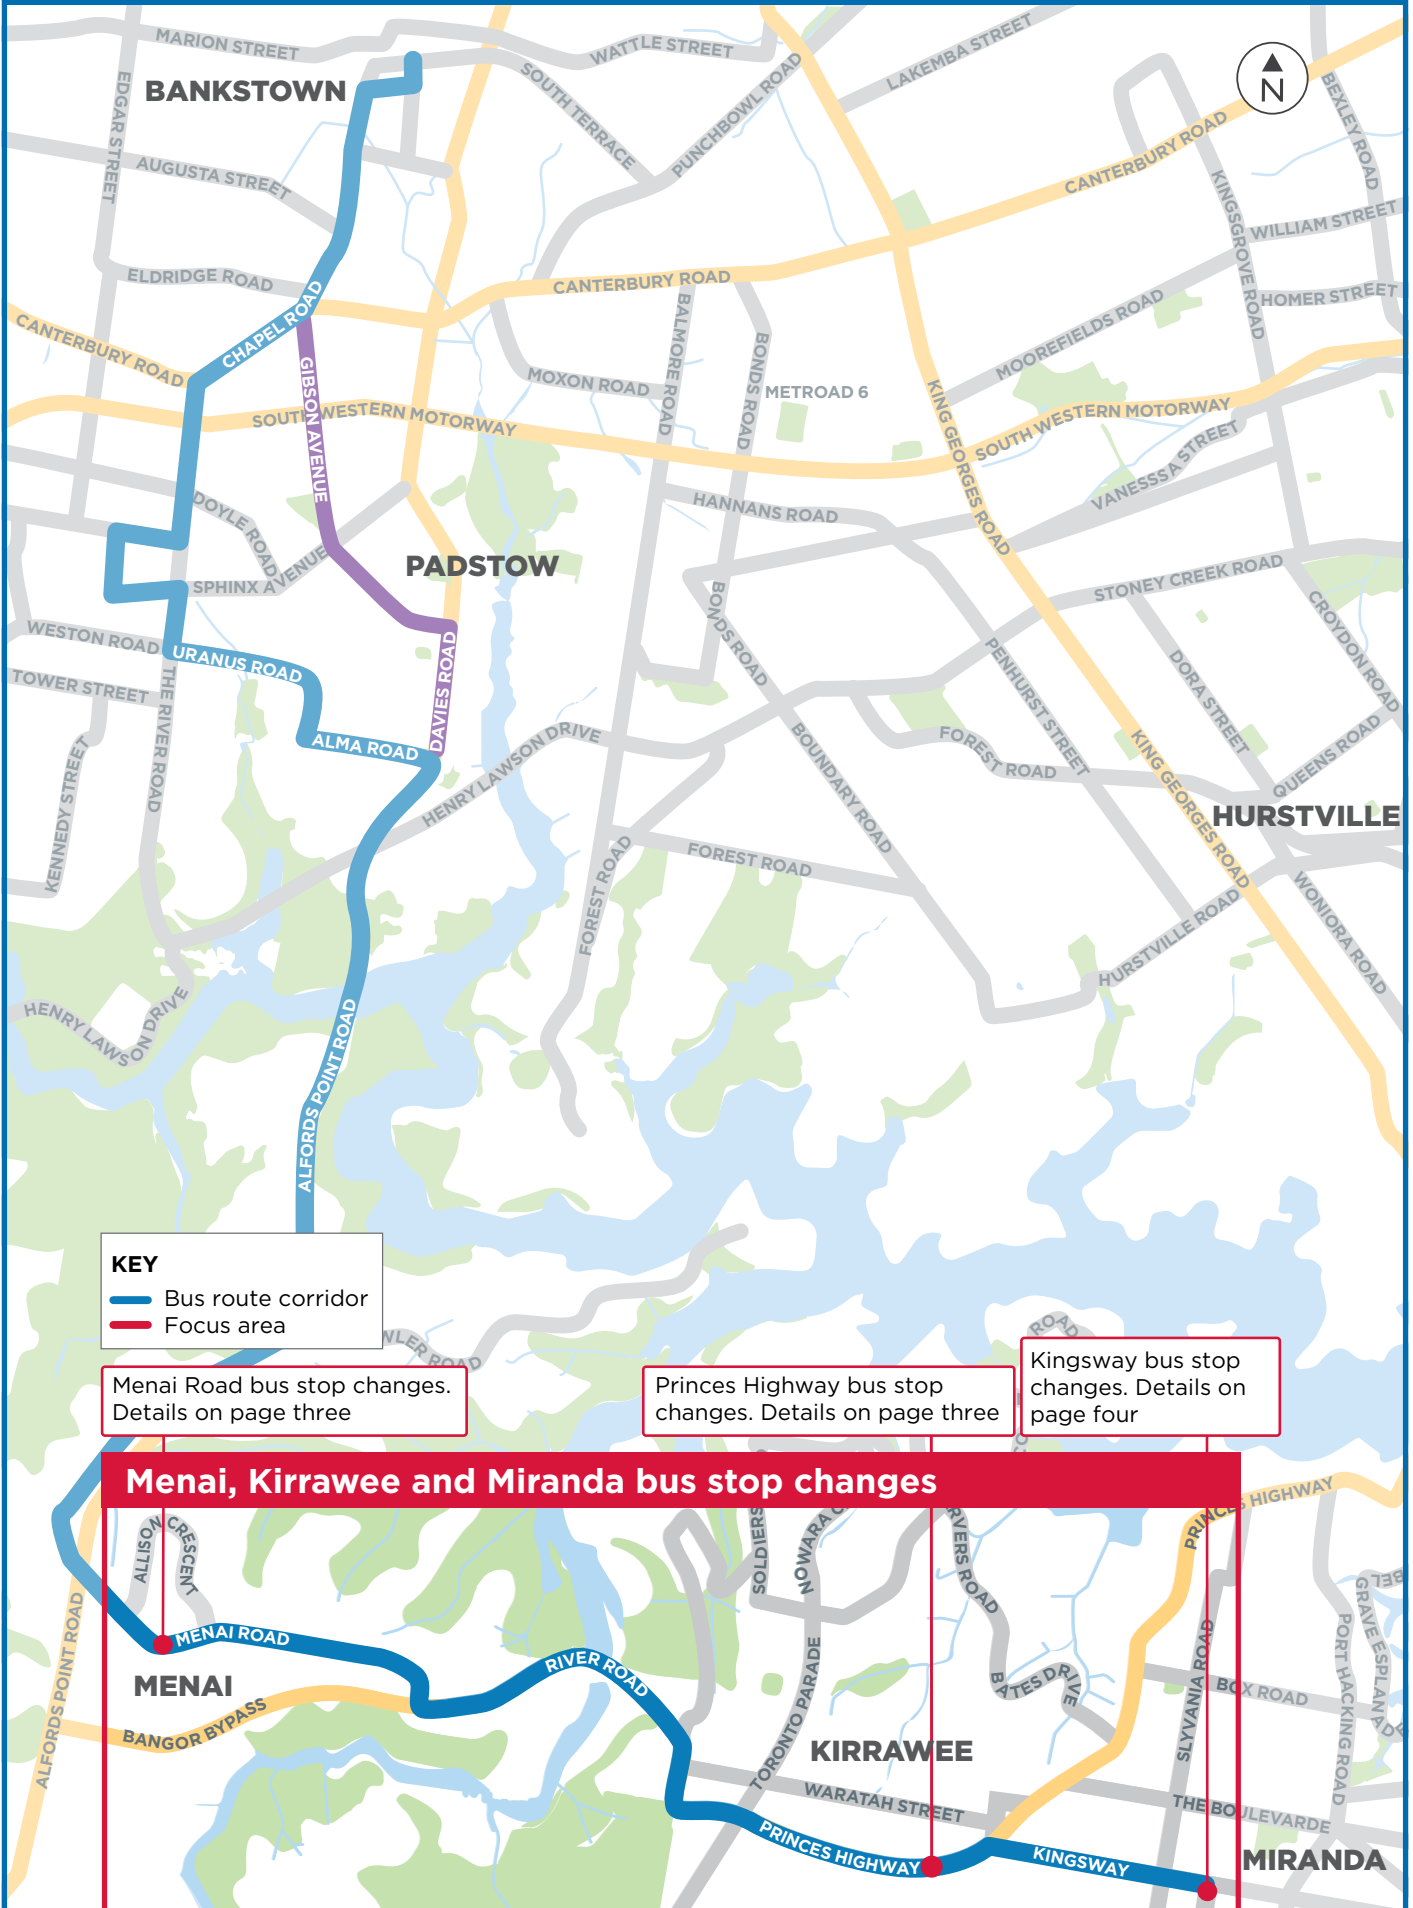

These changes support the Future Transport 2056 Strategy, which is the NSW government's plan to deliver the future transport network.

In this plan, a key customer outcome is safety and performance, which seeks to ensure that every customer enjoys safe travel across a high performing and efficient network. It also reflects what our customers tell us about bus services, with travel time and on time running being some of the most important service features.

The proposed bus stop changes aim to strike a balance between maintaining a reasonable walking distance (i.e. within a 400m radius or an average five minute walk) to bus stops and an efficient bus network.

Making adjustments to the number of bus stops along a bus corridor also helps improve bus travel times. Each bus stop location is considered with a focus on the safety of bus customers and motorists.

Miranda to Bankstown bus corridor

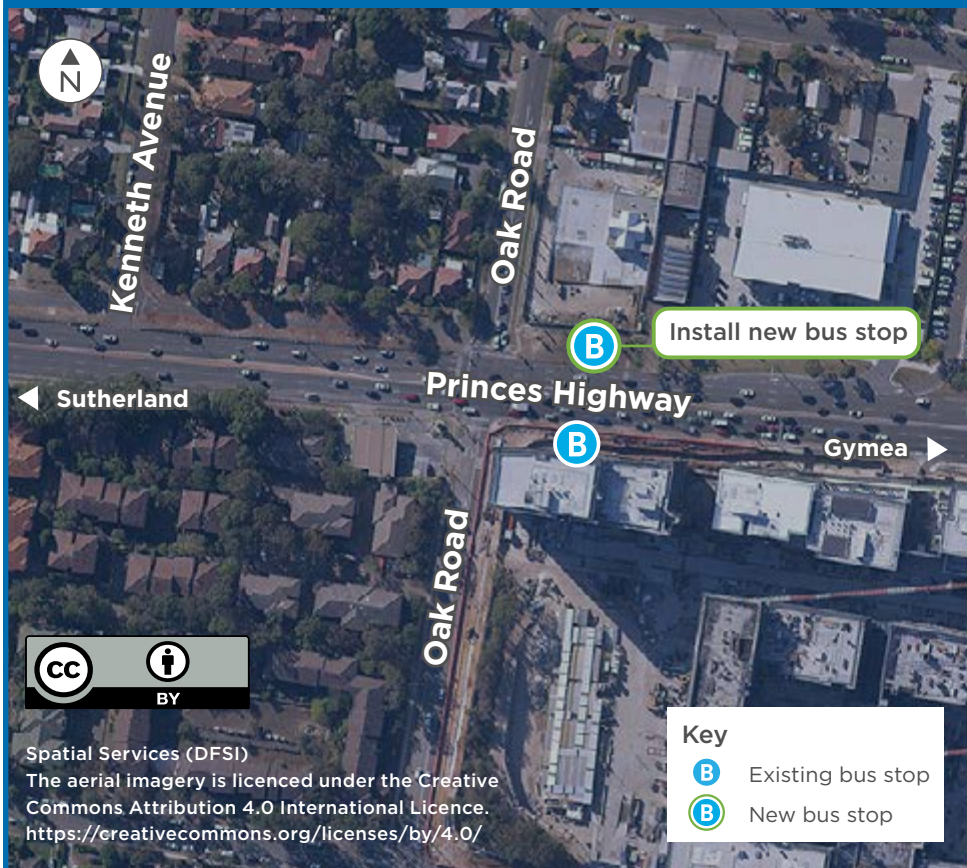

Menai Road near Allison Crescent, Menai remove bus stop (ID 223445)

The bus stop change on Menai Road, Menai would include:

- removal of the eastbound bus stop **ID 223445** before Allison Crescent, as there are alternative bus stops within 230m to 290m. Replace with 'No Stopping'.

Princes Highway near Oak Road, Kirrawee Install one new bus stop

The bus stop change on the Princes Highway, Kirrawee would include:

- Install a new eastbound bus stop 20m east of Oak Road.

Kingsway near Miranda Park, Miranda Remove two bus stops (ID 222812 and 222836)

The bus stop changes on the Kingsway, Miranda would include:

- removal of the eastbound bus stop **ID 222812**, outside Miranda Park as there are alternative bus stops within 150m and 250m. Reinstated with five unrestricted parking spaces
- removal of the westbound bus stop **ID 222836** after University Road, as there are alternative bus stops within 160m and 200m. Reinstated with four unrestricted parking spaces.

Key outcomes

Key outcomes of the bus stop changes include:

- making travel times more reliable for bus customers
- improving customer and motorist safety for bus operations
- contributing to the NSW Government's target of 95 per cent on time running bus services.

What happens next?

We will consider all feedback and respond in a community consultation report, which will be available in early 2020.

We will continue to liaise with the community as the project progresses.
