

Next stage of work to start along the Mitchell Highway near Wynsley Lane from Tuesday 22 November

The NSW Government is upgrading the Mitchell Highway between Dubbo and Narromine by constructing additional overtaking lanes and installing safety improvements.

Transport for NSW will be starting the next stage of work along a two-kilometre section of the Mitchell Highway east and west of the Wynsley Lane intersection. This work will include vegetation removal on both sides of the highway, shoulder grading, and fencing. We have included a map to show the area of the work.

We will be working between **7am** and **6pm Monday to Friday** and **7am** and **5pm** on **Saturdays** from **Tuesday 22 November**. We expect to complete the works in **six weeks**, weather permitting. We will let you know in advance if we need to do any work outside these times.

How will the work affect you?

The work will involve the use of machinery which generates some noise. We will make every effort to minimise noise by turning off machinery and vehicles when not in use.

Traffic changes

There will be temporary traffic changes to ensure the work zone is safe.

Lane closures and a 40km/h speed limit will be in place during work hours and may affect travel times. Motorists should allow up to five minutes extra travel time during this work.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact the project team on 1800 167 499 or western.projects@transport.nsw.gov.au

Thank you for your patience during this important work.

Location of work

If you need help understanding this information, please contact the Translating and Interpreting Service on 131 450 and ask them to call us on 1800 167 499.
