We will work up to three nights a week and up to ten nights each month.

We will notify highly impacted residents if there is a change of date.

If you are eligible for alternative accommodation, we will contact you at least 36 hours prior to the work.

Traffic changes

There will be temporary traffic changes to ensure the work zone is safe for workers and road users.

Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](https://www.livetraffic.com) or download the Live Traffic NSW App

Drone

A drone will be used each month to take progress photos and assist with survey work. The drone will stay within the project area.

COVID 19 Response and Recovery Order

To support industry and continue delivering critical infrastructure, the NSW Government introduced new rules last year allowing construction sites, including public infrastructure projects, to operate on weekends and public holidays.

The order has now been extended to 31 March 2022. We have been using these new rules for some time, particularly with our weekend road closure works.

Since the 10 April, we have been working most **Saturdays, from 7am until 6pm.**

High impact noise activities such as rock breaking, rock hammering and pile driving will stop at 1pm. All other activities will continue through to 6pm.
