

August 2018

Survey and investigation work on McCarrs Creek Road and Mona Vale Road, Terrey Hills and Ingleside, from Monday 13 August

The NSW Government is upgrading the Mona Vale Road. To support the planning of this project further investigation works are required. This project is being staged to provide customers with a better travelling experience and to improve safety and traffic efficiency.

Roads and Maritime Services will carry out further survey, geotechnical and utility investigation work along parts of McCarrs Creek Road, Mona Vale Road, Wirreanda Road, Addison Road and Bahai Temple Way from **Monday 13 August**.

The survey, geotechnical and utility investigation work will be carried out from **Monday 13 August** until the **end of 2018**, weather permitting. The work will be carried out during standard working hours between **7am** and **6pm, Monday to Friday**.

Some night work may be required to minimise the impact to motorists and other road users. We will notify affected residents in advance of any night work.

The work will involve:

- potholing and searching for utilities
- topographical surveying
- pavement and geotechnical investigating.

We have included a map to show the location of the work.

How will the work affect you?

There may be some noise associated with this work. Machinery and equipment used during this work may include construction vehicles, drilling equipment, hand and power tools, generators, concrete saws, sledgehammers and an excavator.

Traffic changes

There will be some temporary traffic changes to ensure the safety of workers, motorists, cyclists and pedestrians. Lane closures may be in place and may affect travel times. On road cycling detours will be in place during parts of the work to maintain cyclist safety.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
