95 Blaikie Road Site Compound – Mulgoa Road upgrade, Jeanette Street to Blaikie Road

Fact Sheet | February 2022

95 Blaikie Road site compound

The Australian and NSW Governments are planning the upgrade of Mulgoa Road, Jamisontown between Jeanette Street and Blaikie Road including upgrading the M4 Motorway off ramps.

Transport for NSW will widen Mulgoa Road between Jeanette Street and Blaikie Road from two lanes to three lanes in each direction. So this can be done, we have identified the land reserve 95 Blaikie Road, Jamisontown as an additional site compound.

Questions and Answers:

What will the site be used for?

The site will be used to store the equipment, machinery and vehicles needed for construction, and for temporary stockpiling of material going in and out of the site. Facilities on the site compound will include portable buildings for office space, lunch facilities and toilets, secure storage areas for certain site materials such as fuel and chemicals, and onsite car parking.

The compound will be secured with construction fencing and gates. Power will be supplied to the site and there will be lighting onsite. Appropriate access restrictions to the site will be put in place to maintain the safety and security of workers and equipment.

Construction of the Mulgoa Road upgrade, Jeanette Street to Blaikie Road is proposed to commence in late 2022. Once the construction program is confirmed, we shall notify the community when construction will finish. The site will be used as required for construction.

Why was this site chosen?

The proposed was chosen due to its location being:

- Away from residential dwellings and other land uses that may be sensitive to noise
- At least 40 metres away from the nearest waterway
- Having low ecological and heritage conservation significance
- On relatively level ground.

What happens when construction finishes?

When construction finishes, we will remove the site compound, equipment, and associated work areas. The site will be cleaned and reinstated to the existing condition.

We want to hear from you

If you have any questions or feedback specifically about this site compound, please contact the project team on **1800 733 084** or email **mulgoaroadupgrade@transport.nsw.gov.au**.

For more information on our projects, visit **www.transport.nsw.gov.au**. Thank you for your patience during this important work.
