Newell Highway Upgrade, heavy duty pavement upgrades (Narrabri to Moree)

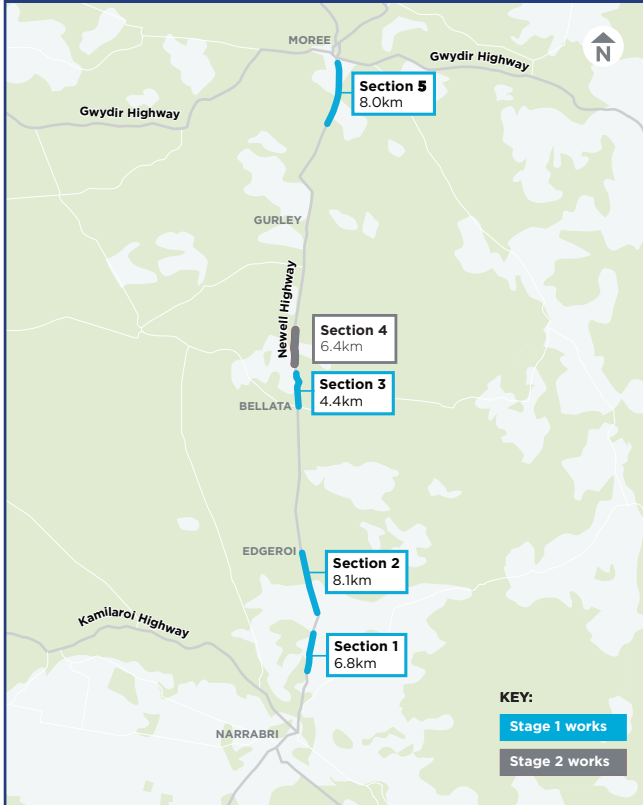

The Australian and NSW Governments are investing \$257 million in the Heavy Duty Pavement Upgrade (HDPU) between Narrabri and Moree under the Newell Highway Upgrade program.

Stage 1 of the HDPU project includes upgrading four priority sections along the Newell Highway with 27.3 kilometres of new road pavement, intersection improvements, widening of road shoulders and the provision of five additional overtaking lanes.

Project benefits

- Increase travel reliability between Narrabri and Moree.
- Reduce travel times between Narrabri and Moree.
- Reduce the cost of maintenance along the Newell Highway.
- Reduce vehicle operating costs on the Newell Highway.
- Improve road safety for road users.
- Improve flood immunity of the Newell Highway between Narrabri and Moree.

Locations of the Newell Highway upgrade work

Next steps

-  Preliminary Investigations
 -  Public display of REF
 -  Preferred option and development of concept design
 -  Project approved and detailed design is carried out
 -  Final design
 -  Invite tenders to build Stage 1 and award contract
 -  Construction

Local businesses invited to register interest via ICN Gateway

Tenders are now being invited from pre-qualified contractors with TfNSW for the Heavy Duty Pavement Upgrade project between Narrabri and Moree (Stage 1).

As part of the tender process local businesses are invited to register their contact details and outline their potential services related to this contract. This information will be provided to prospective tenderers who will be tendering on the main construction package of work.

Register your interest by Thursday 14 October 2021 via the Industry Capability Network (ICN) website: www.gateway.icn.org.au

Please note, those businesses that registered with ICN Gateway for this project earlier in the year do not need to register again.
