

August 2018

## **We are preparing for major construction to replace Nelligen Bridge.**

**The NSW Government has provided \$9 million in this year's budget for the start of construction. This project will improve road safety and traffic efficiency on the Kings Highway.**

Eurobodalla Shire Council will be carrying out the early works of the project from Monday 27 August 2018 to late 2018, weather permitting. This work will include:

- relocation of the bus stop from the Braidwood Road and Kings Highway intersection to the Runnyford Road and Cowper Street intersection to enable safer access to the bus stop. The Runnyford Road and Cowper Street intersection will become the permanent location of the bus stop once the project is complete.
- delivery of earth, clearing of vegetation and start of earthworks on the eastern side of Clyde River. This early work is to prepare the ground for major work.

### **How will the work affect you?**

Eurobodalla Shire Council will be working for approximately 5 months between 7am and 6pm Monday to Friday. We will let you know in advance if Council are need to work outside these times.

For Thule Road residents, the Thule Road and Kings Highway intersection near the bridge will be closed during the early works. Safe access will be via the alternate Thule Road entrance 400 metres south. This will add 2 minutes to your journey time.

When needed traffic control and a reduced speed limit of 40km/h will be in place for the safety of workers and motorists on the Kings Highway between Old Nelligen Road, on the eastern side of the river, and Reid Street, on the western side of the river. Traffic delays of up to 5 minutes are expected.

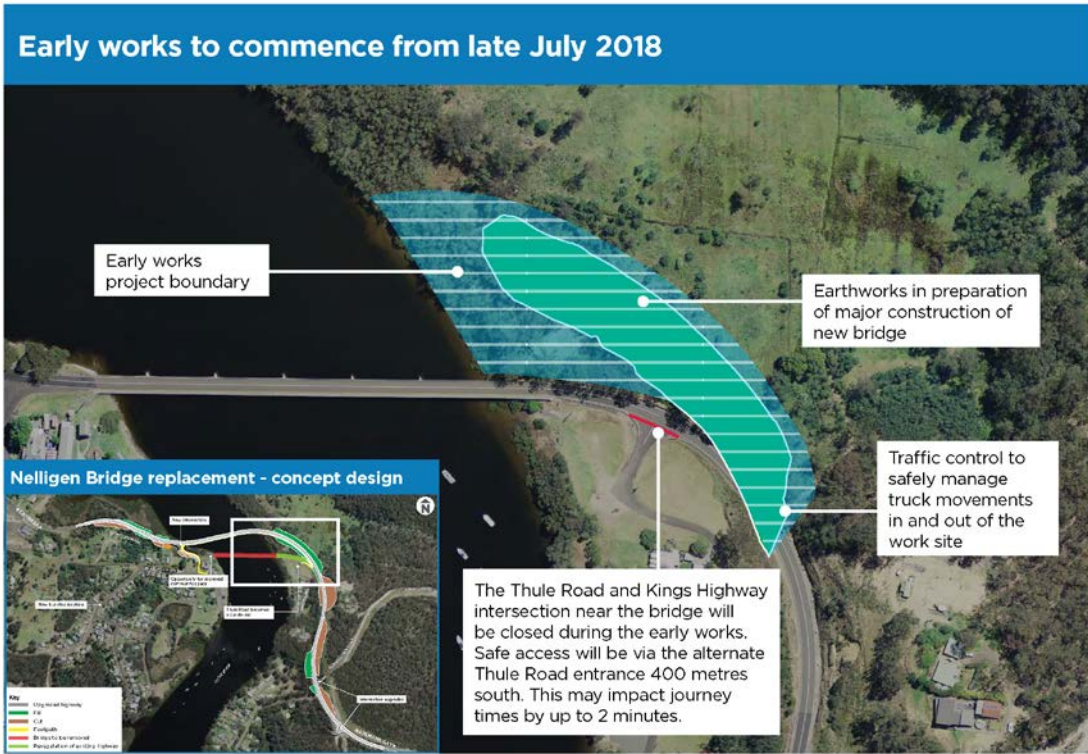

There will be some noise associated with this work. Every effort will be made to minimise noise levels.

Please refer to the diagram on the other side of this page to view the planned works and impacts.

### **Any questions?**

If you have any questions or concerns relating to this work, please call the project team on 1800 334 541 (during business hours) or email [NelligenBridge@rms.nsw.gov.au](mailto:NelligenBridge@rms.nsw.gov.au)
