

Nelligen Bridge Replacement - Traffic switch on the Kings Highway from Wednesday 9 June

The NSW Government is funding this \$148 million project which will provide a new bridge over the Clyde River and upgrades to the Kings Highway at Nelligen.

What are we doing?

Work has been progressing on the Nelligen Bridge Replacement with vegetation removal and earthworks being carried out across the project.

All highway traffic between Old Nelligen Road and the existing bridge will shift west from **Wednesday 9 June**, weather permitting. This will create a new work area on the eastern side where we will safely continue work for the new road alignment. A map of the traffic switch location is included.

Work to prepare for the traffic switch will involve resurfacing, line marking and installing temporary traffic barriers. This work will be carried out during standard construction hours.

When are we working?

Our standard work hours are between **7am** and **6pm** from **Monday** to **Friday** and **8am** to **1pm Saturday**, weather permitting.

Traffic changes

There will be temporary traffic changes and reduced speed limits in place to ensure the work zone and road is safe for motorists and workers.

The Kings Highway will be reduced to 40km/h near work areas, with the rest of the project area reduced to 60km/h. One lane of the Kings Highway will be closed during some of this work under stop/slow traffic control, with no lane closures on Saturday.

Motorists are advised to drive to conditions, allow five minutes additional travel time and follow the directions of signs and traffic control. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions or would like to join the email distribution list, please contact the project team on 1800 334 541 (toll free) or nelligenbrige@seymourwhyte.com.au.
