BUILDING OUR FUTURE

September 2022

Newcastle Inner City Bypass – Rankin Park to Jesmond

Update on proposed Cardiff Heights compound site

The Australian and NSW Governments are funding construction of a 3.4 kilometre section of the Newcastle Inner City Bypass between Rankin Park and Jesmond, to the west of the John Hunter Hospital.

Transport for NSW has engaged Fulton Hogan to finalise the design and construct this section of the bypass.

Transport had previously proposed a site at 10-12 Main Road/60 Marshall Street at Cardiff Heights for a potential compound site for the project.

Transport and Fulton Hogan has further reviewed options for their compound sites and the Cardiff Road site will not be used for the project.

We'd like to thank the community for their patience while options were investigated and considered.

Next steps

Major work on the main bypass is scheduled to start in late 2022, weather permitting. We will continue to keep the community informed as work progresses.

The bypass is expected to open to traffic in 2025, weather permitting.

More information

If you would like to provide feedback, or have any questions about this work, please contact our project team on 1800 818 433 (24 hours), email RP2JCommunity@fultonhogan.com.au or mail to PO Box 186, Waratah, NSW 2298.

For more information about the project visit nswroads.work/rp2j.
