

Changed traffic conditions on Coles Street, Jesmond from Monday 20 January

The NSW Government is funding the construction of a shared path bridge over Newcastle Road as part of early work for the Newcastle Inner City Bypass between Rankin Park and Jesmond.

Transport for NSW and construction partner, Daracon Contractors, started work on the shared path bridge in November 2019.

Coles Street will be reduced to one lane between Steel Street and Hill Street from **Monday 20 January** for eight months, weather permitting.

How will the work affect you?

Coles Street will allow eastbound traffic only between Steel Street and Hill Street to allow work to continue on the new shared path bridge. Motorists will access Coles Street via Steel, Robert and Hill streets.

We have consulted emergency services, City of Newcastle and other service providers in planning for the temporary restrictions.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe. Partial lane closures and a reduced 40km/h speed limit will be in place. Travel times may be affected by up to five minutes.

Motorists using Steel Street are no longer able to turn right onto Newcastle Road, to ensure the safety of road users and workers.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

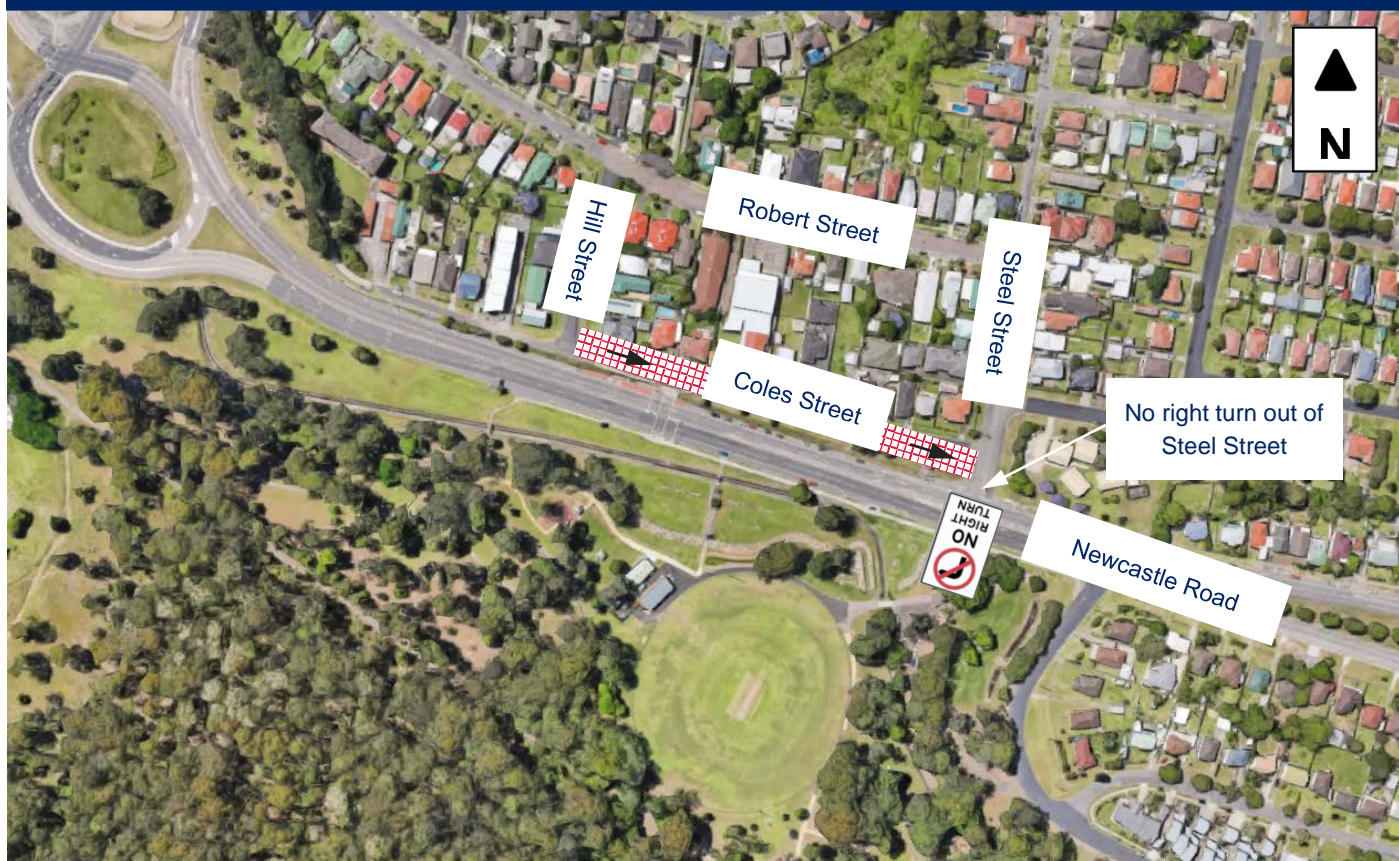

Contact

If you would like to provide feedback or have any questions about this work, please contact our project team on 1800 818 433 (24 hours) or email jesmondbridge@daracon.com.au.

For more information about the Newcastle Inner City Bypass between Rankin Park and Jesmond, visit rms.nsw.gov.au/rp2j or email rp2j.community@aurecongroup.com

Thank you for your patience during this important work.
