

Out of hours work on Newcastle Road, Coles Street and Steel Street at Jesmond during January and February 2020

The NSW Government is funding the construction of a shared path bridge over Newcastle Road as part of early work for the Newcastle Inner City Bypass between Rankin Park and Jesmond.

Transport for NSW and construction partner, Daracon Contractors, started construction in November 2019.

We will be carrying out night work on Newcastle Road, Coles Street and Steel Street to install new power poles and move electrical lines.

This work needs to be done out of hours for the safety of workers and road users, and to minimise traffic delays.

We will be working on the following dates, weather permitting:

- between **7pm** and **6am** for two nights from **Thursday 30 January 2020** to install new power poles and move electrical lines
- between **7pm** and **6am** for two nights from **Wednesday 19 February 2020** to install new electrical lines and remove redundant power poles.

Below is a list of upcoming planned out of hours work activities for the first quarter of 2020.

Month	Work activity	Equipment
January, two nights	Installation of electrical services	Crane, truck, elevated work platform, lighting towers and traffic control
February, two nights	Installation and removal of redundant electrical services	Crane, truck, elevated work platform, lighting towers, traffic control
March, three nights	Installation and removal of redundant electrical services	Crane, truck, elevated work platform, lighting towers, traffic control

How will the work affect you?

The work will involve the use of machinery which generates some noise. We will make every effort to minimise noise where possible and turning off vehicles when not in use.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe. Partial lane closures and a reduced 40km/h speed limit will be in place. Travel times may be affected by up to five minutes.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

You are invited to provide feedback on the proposed night work for January and February, and the forward work program.

If you would like to provide feedback, or have any questions about this work, please contact our project team on 1800 818 433 (24 hours) or email jesmondbridge@daracon.com.au.

For more information about the Newcastle Inner City Bypass between Rankin Park and Jesmond, visit rms.nsw.gov.au/rp2j or email rp2j.community@aurecongroup.com

Thank you for your patience during this important work.
