

Out of hours work on Newcastle Road, Coles Street and Steel Street at Jesmond during March 2020

The NSW Government is funding the construction of a shared path bridge over Newcastle Road as part of early work for the Newcastle Inner City Bypass between Rankin Park and Jesmond.

Transport for NSW and construction partner, Daracon Contractors, started construction in November 2019.

We will be carrying out night work on Newcastle Road and Coles Street to install new power poles and move electrical lines. We have included a map to show the location of the work.

This work needs to be done out of hours for the safety of workers and road users, and to minimise traffic delays.

We will be working on the following dates, weather permitting:

- between **7pm** and **6am** on **Wednesday 4 March 2020** to install new electrical power poles and electrical components
- between **7pm** and **6am** on **Wednesday 18 March 2020** to install a new electrical power pole and remove redundant electrical wires
- between **7pm** and **6am** for one night during the week starting **24 March 2020** to install a new electrical power pole and remove redundant electrical wires.

Below is a list of upcoming planned out of hours work activities for April 2020.

Month	Work activity	Equipment
April, two nights	Installation and removal of redundant electrical services	Crane, truck, elevated work platform, lighting towers and traffic control

How will the work affect you?

The work will involve the use of machinery which generates some noise. We will make every effort to minimise noise where possible and turning off vehicles when not in use.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe. Partial lane closures and a reduced 40km/h speed limit will be in place. Travel times may be affected by up to five minutes.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

You are invited to provide feedback on the proposed night work for March, and the forward work program.

If you would like to provide feedback, or have any questions about this work, please contact our project team on 1800 818 433 (24 hours) or email jesmondbridge@daracon.com.au.

For more information about the Newcastle Inner City Bypass between Rankin Park and Jesmond, visit rms.nsw.gov.au/rp2j or email rp2j.community@aurecongroup.com

Thank you for your patience during this important work.
