

## Out of hours work for the shared path bridge at Jesmond in November 2020

The NSW Government is funding the construction of a shared path bridge over Newcastle Road as part of early work for the Newcastle Inner City Bypass between Rankin Park and Jesmond.

Transport for NSW and construction partner, Daracon Contractors, started construction in November 2019.

### What are we doing?

We will be carrying out essential night work on Newcastle Road which involves asphaltting, relocating barriers and removing pedestrian traffic lights.

Work is required outside normal project hours for the safety of workers and road users, and to minimise traffic delays.

We will be working on the following nights between **7pm and 6am** on Newcastle Road, weather permitting. If wet weather prevents the work occurring as planned it will be rescheduled and local residents will be notified.

Date	Work activity	Equipment
Monday 2 November	Removing road surface (milling) <i>One night</i>	Milling machine, trucks, lighting towers and traffic control
Tuesday 3 November	Removing barriers <i>One night</i>	Excavator, mobile crane, truck, lighting towers and traffic control
Thursday 5 and Friday 6 November	Asphaltting <i>Two nights</i>	Asphalt pavers, rollers, trucks, lighting towers and traffic control
Tuesday 10 and Wednesday 11 November	Decommissioning of traffic lights <i>Two nights</i>	Excavator, elevated work platform, trucks, lighting towers and traffic control

### How will the work affect you?

The work will involve the use of machinery which generates some noise. We will make every effort to minimise noise where possible and turn off vehicles when not in use.

### Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe. Partial lane closures and a reduced 40km/h speed limit will be in place. Travel times may be affected by up to five minutes.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.
