

Out of hours work for the shared path bridge at Jesmond in December 2020

The NSW Government is funding the construction of a shared path bridge over Newcastle Road as part of early work for the Newcastle Inner City Bypass between Rankin Park and Jesmond.

Transport for NSW and construction partner, Daracon Contractors, started construction in November 2019.

What are we doing?

We will be carrying out essential night work on Newcastle Road which involves asphaltting, line-marking and removing barriers.

Work is required outside normal project hours for the safety of workers and road users, and to minimise traffic delays.

We will be working on the following nights between **7pm and 6am** on Newcastle Road, weather permitting. If wet weather prevents the work occurring as planned it will be rescheduled and local residents will be notified.

Date	Work activity	Equipment
Thursday 17 December and Friday 18 December	Removing road surface (milling), asphaltting and removing barriers <i>Two nights</i>	Milling machine, asphalt pavers, rollers, trucks, franna crane, lighting towers and traffic control
Monday 21 December	Asphaltting and line marking <i>One night</i>	Asphalt pavers, rollers, line-marking machinery trucks, lighting towers and traffic control

How will the work affect you?

The work will involve the use of machinery which generates some noise. We will make every effort to minimise noise where possible and turning off vehicles when not in use.

Directly affected residents will be contacted and advised of the likely impact and what we are doing to minimise disruption during the work.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe. Partial lane closures and a reduced 40km/h speed limit will be place. Travel times may be affected by up to five minutes.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
