

Temporary closure of Steel Street at Newcastle Road intersection, Jesmond on Monday 16 November

The NSW Government is funding the construction of a shared path bridge over Newcastle Road as part of early work for the Newcastle Inner City Bypass between Rankin Park and Jesmond.

Transport for NSW and construction partner, Daracon Contractors, started construction in November 2019.

What are we doing?

We will be closing Steel Street between Newcastle Road and Coles Street temporarily with local detours in place to allow for a crane lift of stairs for the shared path bridge. The crane and other machinery need to be on all lanes of Steel Street.

We will be working on **Monday 16 November** between **7.30am** and **4.30pm** and expect to complete the work in one shift, weather permitting. If this work is postponed, it will be rescheduled to Tuesday 17 November.

How will the work affect you?

Local traffic detours will be in place while Steel Street is closed. Motorists travelling east on Newcastle Road will turn left at Arthur Street to access local roads and motorists travelling west on Newcastle Road will need to turn back onto Newcastle Road at the Jesmond roundabout, then turn left into Arthur Street.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

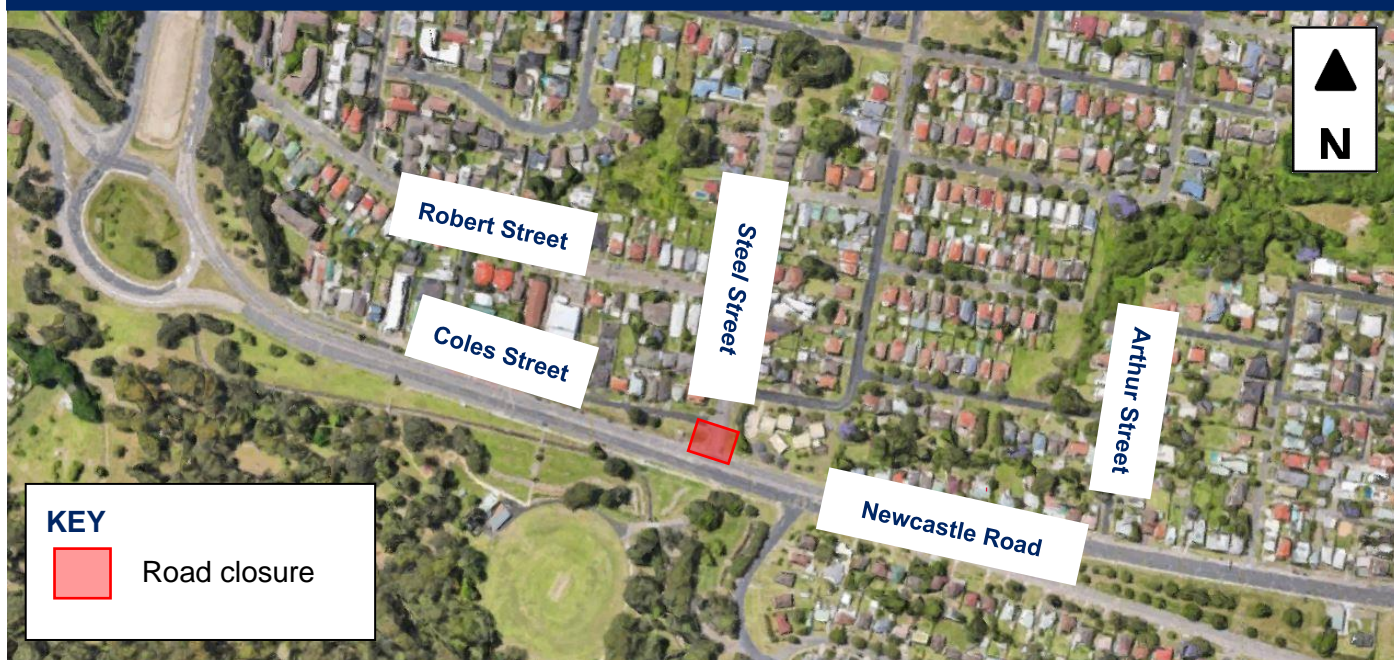

Contact

If you have any questions about this work, please contact our project team on 1800 818 433 (24 hours) or email jesmondbridge@daracon.com.au.
