

Australian Government

BUILDING OUR FUTURE

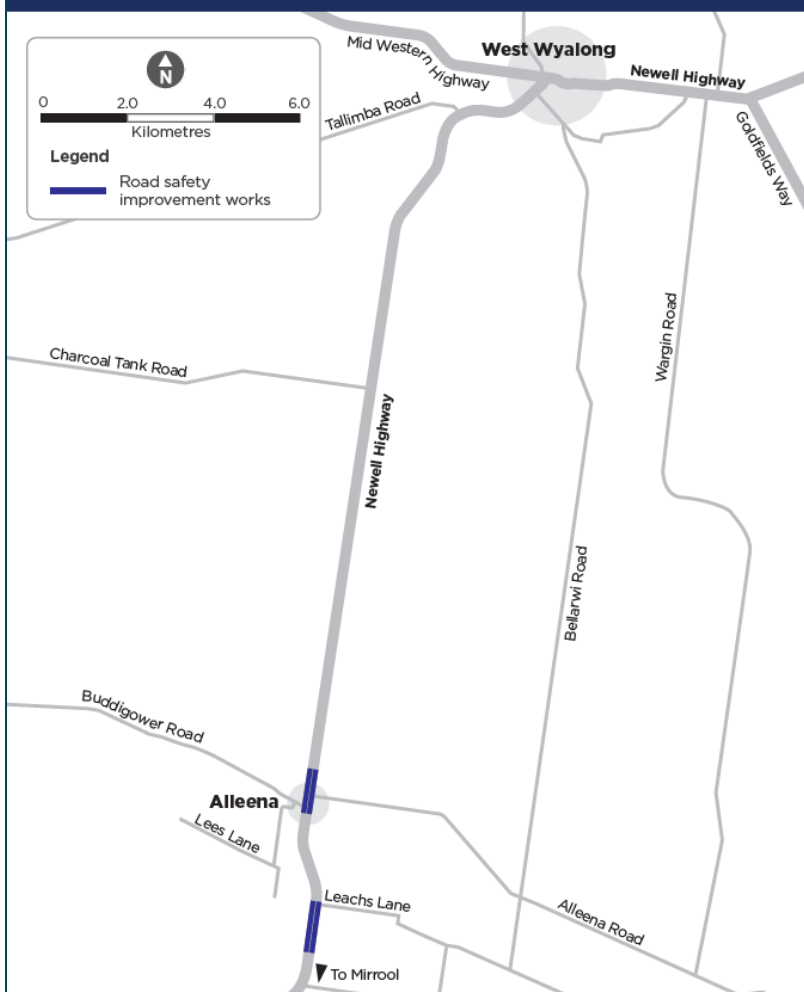

July 2021

Safety improvement work on the Newell Highway, south of West Wyalong, from 19 July 2021

The Australian Government is funding this work under Tranche 1 of the Road Safety Program, at Alleena, to provide a safer road for motorists.

The Newell Highway Program Alliance will carry out the work over a four kilometre section of the Newell Highway.

Map showing the location of the Alleena safety improvement works

What are we doing?

The work includes widening the road shoulders and centre line, as well as installing rumble strips, along two sections of approximately one kilometre each.

We will keep the community informed about the progress of the work and any traffic changes that may impact them.

Once completed, motorists will experience improved safety and more efficient travel times along this

Work will start on **19 July 2021** and is expected to take six months to complete, weather permitting.

Work will be carried out on a two-week rotating roster as below:

- **Week 1:** Tuesday to Friday 7am to 6pm; Saturday and Sunday 8am to 6pm
- **Week 2:** Monday to Thursday 7am to 6pm; no work Friday to Monday

How will this affect you?

The work will involve the use of machinery which may generate noise. We will make every effort to minimise noise by arranging the work to be carried out in stages and turning off machinery and vehicles when not in use.

There is likely to be dust from the clearing, vegetation removal and earthworks. We will use measures to minimise or prevent air pollution and dust, including covering exposed areas and wetting down haul roads.

Traffic changes

Reduced speed limits of 40 km/h and 60 km/h during work hours and 80 km/h after hours will be in place for the safety of road users and workers. Motorists are advised to drive to the conditions, allow extra travel time and follow the directions of signs and traffic control.

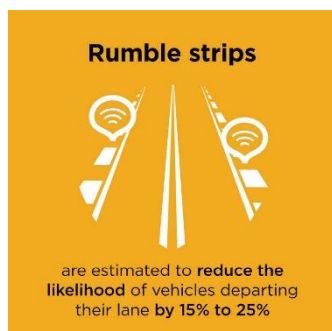

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

What else is happening?

The Newell Highway Program Alliance has delivered 19 of about 40 additional overtaking lanes along the Newell Highway since the program started in March 2019. A further four overtaking lanes are currently in construction.

More information on this and other overtaking lane projects along the Newell Highway can be found on our project website at nswroads.work/nhpa.

Thank you for your patience during this important work.
