

Changed traffic conditions on the Mitchell Highway including the LH Ford Bridge in Dubbo on Tuesday 11 May 2021

Transport for NSW is advising motorists of electrical relocations and power outages

Transport for NSW will be carrying out the work which includes replacement of an electrical substation and relocation of existing above ground powerlines.

To enable safe completion of this work, the Mitchell Highway eastbound lane will be closed on Tuesday 11 May between the hours of 8pm and 6am with a detour in place.

How will this affect you?

Eastbound vehicle movements will be detoured via the Emilie Serisier Bridge. Pedestrian walkways will remain open with cyclists encouraged to dismount.

Emergency vehicle access will be maintained.

There will be some noise and lighting generated by this work, we will make every effort to minimise these impacts.

Please keep to speed limits and follow the direction of traffic controls and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com.au or download the Live Traffic NSW App.
