

## Night work on the Princes Highway and local roads, Nowra, for utility investigation work

The Australian and NSW Governments are funding a new four-lane bridge over the Shoalhaven River, upgraded intersections and additional lanes on the Princes Highway.

*Utility investigations will take place on the Princes Highway and local roads, Nowra*

### What we are doing?

Utility investigations are required on the Princes Highway and local roads to progress planning for the Nowra Bridge project. Work will include sawing or excavating holes in and near the road to identify utility services.

Most of this work will occur during standard working hours, however to reduce the impacts to motorists, some of this work will occur at night.

Night work will be carried out for up to five nights from **Sunday 5 April** (weather permitting) between **6pm and 6am**.

Please see the map of the work areas over the page which includes:

- Princes Highway at Bolong Road (two nights)
- Princes Highway near Illaroo Road (one night)
- Princes Highway near Wharf Road and at Pleasant Way (one night)
- Princes Highway near the Council Chambers (one night).

Electronic message signs will in place on the Princes Highway to advertise specific dates in advance.

### How will the work affect you?

We will make every effort to minimise disruption including noise and light by scheduling noisier activities earlier in the night. Where possible, we will use temporary noise barriers, position equipment away from properties and turn off machinery when not in use.

Residents will have access to and from their properties at all times.

## Traffic changes

Changed traffic conditions will be in place during the night work including temporary lane closures, stop/slow traffic control and a reduced speed limit of 40km/hr to ensure the work areas are safe.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

Thank you for your patience during this important work.
