

## Nowra Bridge project – long weekend site shutdown and out of hours work in October

The Nowra Bridge project will provide a new four lane bridge over the Shoalhaven River, upgraded intersections and additional lanes on the Princes Highway.

### Long weekend site shutdown

There will be a site shutdown over the October long weekend and all work will cease from **6pm Friday 2 October until 7am Tuesday 6 October**. The project information line will be in operation during this time for emergencies.

### Upcoming night work

After the long weekend, work will resume and will be carried out on the Princes Highway, Scenic Drive, and Bolong, Illaroo and Bridge roads. For the safety of workers and road users and to avoid extended traffic delays during the day, night work will also be required.

Night work will take place from **Wednesday 7 October for up to four weeks**, weather permitting. Our night work will occur **Sunday to Thursday between 6pm and 5am**.

A summary of night work activities is below and a map of the work areas is provided over the page.

Location	Activities	Occurrence
<b>Bolong Road</b>	Clearing vegetation, placing and removing temporary traffic barriers, service investigation work and relocating communication services.	Up to 20 nights
<b>Princes Highway (between Mattes Way and Illaroo Road)</b>	Clearing vegetation, placing and removing temporary traffic barriers, service investigation work and relocating water, electrical and communication services.	Up to 20 nights
<b>Illaroo Road</b>	Clearing vegetation, placing and removing temporary traffic barriers, service investigation work and relocating water, electrical and communication services.	Up to 20 nights
<b>Princes Highway (between Bridge Road and Moss Street)</b>	Clearing vegetation, placing and removing temporary traffic barriers, service investigation work and relocating water and communication services.	Up to 15 nights
<b>Bridge Road</b>	Service investigation work and relocating water and communication services.	Up to 20 nights
<b>Scenic Drive</b>	Service investigation work and relocating water, electrical and communication services.	Up to 10 nights

## Location of night work

### How will the work affect you?

During this work we will be using machinery and equipment that generate light noise and vibration. We will make every effort to minimise disruption by:

- turning off machinery and vehicles when not in use
- using noise shields
- directing temporary lighting down and away from homes
- planning activities close to residents within standard construction hours and scheduling noisy activities earlier in the night, where possible
- fitting equipment with devices to minimise noise including reversing squawkers rather than beepers
- monitoring noise so we can manage any potential impacts and adjust our work, where possible.

Residents will have access to and from their properties at all times.

Properties affected by utility service outages will be notified separately by the service provider.

### Traffic changes

There will be temporary traffic changes to ensure the work zone is safe. Lane closures, stop/slow traffic conditions and a 40km/h speed limit will be in place in both directions on the Princes Highway, Bridge Road and Illaroo Road during the night work. Please keep to speed limits and follow the direction of traffic controllers and signs.
