

Nowra Bridge project – Night work in March

The Nowra Bridge project will provide a new four lane bridge over the Shoalhaven River, upgraded intersections and additional lanes on the Princes Highway.

Night work will continue to be carried out on the Princes Highway, Scenic Drive, and Bolong, Illaroo and Bridge roads for the safety of workers and road users and to avoid extended traffic delays during the day.

Night work will take place across the project from **Monday 1 March to Wednesday 31 March**, weather permitting. All night work will occur **Sunday to Thursday between 6pm and 7am**.

A summary of night work activities during March is below and a map of the work areas is provided over the page.

Location	Activities	Occurrence
Bolong Road	Placing and removing temporary traffic barriers, delivery and placement of material, service investigation work and relocating gas, electrical and communication services.	Up to 10 nights
Princes Highway (between Mattes Way and Illaroo Road)	Placing and removing temporary traffic barriers, signage and street lighting, loading and relocating material, asphalt paving, line marking, demolition of kerb, service investigation work and relocating sewer, gas, electrical and communication services.	Up to 15 nights
Illaroo Road	Placing and removing temporary traffic barriers, service investigation work and relocating sewer, gas, electrical and communication services.	Up to 15 nights
Princes Highway (between Shoalhaven River and Moss Street)	Placing and removing temporary traffic barriers, signage and street lighting, asphalt paving, installing drainage, service investigation work and relocating, electrical and communication services.	Up to 20 nights
Bridge Road	Service investigation work and relocating communication services.	Up to 10 nights
Scenic Drive compound	General office activities, pre-starts, vehicle movements and deliveries.	Up to 23 nights
Casting yard and temporary rock platform	Excavating material	Up to 20 nights
	Continuing with piling activities including placing reinforcement, moving barges and machinery and unloading, positioning, drilling and welding piles.	Monday to Friday until 7pm
	To ensure the quality and strength of the concrete in the foundation of the new bridge we will complete early morning concrete pours. These concrete pours may start at 4am on required days.	Monday to Friday from 4am

Traffic and pedestrian changes

There will be temporary traffic changes to ensure the work zone is safe. Lane closures, stop/slow traffic conditions and a 40km/h speed limit will be in place in both directions on the Princes Highway and Bolong, Illaroo and Bridge roads during the night work. Please keep to speed limits and follow the direction of traffic controllers and signs. The northbound bridge footpath will be closed during some of this night work with a detour via the footpath on the southbound bridge. Signage will be in place during these closures.

Location of night work

How will the work affect you?

During this work we will be using machinery and equipment that generate light, noise and vibration. We will make every effort to minimise disruption.

Residents will have access to and from their properties at all times.

Properties affected by utility service outages will be notified separately by the service provider.

Oversize machinery and equipment may be delivered to these areas at night to avoid extended traffic delays during the day. Nearby residents will be notified if these vehicle movements are required.
