

Nowra Bridge project – out of hours work in January

The Nowra Bridge project will provide a new four lane bridge over the Shoalhaven River, upgraded intersections and additional lanes on the Princes Highway.

Upcoming night work

Night work will continue to be carried out on the Princes Highway, Scenic Drive, and Bolong, Illaroo and Bridge roads for the safety of workers and road users and to avoid extended traffic delays during the day.

Night work will take place across the project from **Sunday 10 January to Sunday 31 January**, weather permitting. Our night work will occur **Sunday to Thursday between 6pm and 7am**.

A summary of night work activities during January is below and a map of the work areas is provided over the page.

Location	Activities	Occurrence
Bolong Road	Clearing vegetation, installing temporary traffic barriers, delivery and placement of material, service investigation work and relocating water, gas, electrical and communication services.	Up to 16 nights
Princes Highway (between Mattes Way and Illaroo Road)	Clearing vegetation, installing temporary traffic barriers, removing kerb, relocating material, asphalt paving, line marking, service investigation work and relocating water, sewer, gas, electrical and communication services.	Up to 16 nights
Illaroo Road	Placing and removing temporary traffic barriers, service investigation work and relocating sewer, gas and communication services.	Up to 12 nights
Princes Highway (between Shoalhaven River and Moss Street)	Clearing vegetation, placing and removing temporary traffic barriers, relocating fencing, asphalt paving, line marking, installing drainage, service investigation work and relocating water, electrical and communication services.	Up to 16 nights
Bridge Road	Service investigation work and relocating water, sewer, electrical and communication services.	Up to 12 nights
Scenic Drive compound	General office activities, pre-starts, vehicle movements and deliveries	Up to 16 nights

Traffic and pedestrian changes

There will be temporary traffic changes to ensure the work zone is safe. Lane closures, stop/slow traffic conditions and a 40km/h speed limit will be in place in both directions on the Princes Highway and Bolong, Illaroo and Bridge roads during the night work. Please keep to speed limits and follow the direction of traffic controllers and signs.

The northbound bridge footpath will be closed during some of this night work with a detour via the footpath on the southbound bridge. There will also be a temporary closure of the footpath and underpass between Harry Sawkins Park and Campbell Place at night from **Sunday 10 January to Tuesday 12 January, weather permitting**. The detour during this closure will be via the Moss Street and Princes Highway signalled crossing. Signage will be in place during these closures.

Location of night work

How will the work affect you?

During this work we will be using machinery and equipment that generate light, noise and vibration. We will make every effort to minimise disruption by:

- turning off machinery and vehicles when not in use
- using noise shields
- directing temporary lighting down and away from homes
- planning activities close to residents within standard construction hours and scheduling noisy activities earlier in the night, where possible
- fitting equipment with devices to minimise noise including reversing squawkers rather than beepers
- monitoring noise so we can manage any potential impacts and adjust our work, where possible.

Residents will have access to and from their properties at all times.

Properties affected by utility service outages will be notified separately by the service provider.

Oversize machinery and equipment may be delivered to these areas at night to avoid extended traffic delays during the day. Nearby residents will be notified if these vehicle movements are required.
