

January 2021

## Nowra Bridge project – Australia Day site shutdown and night work in February

The Nowra Bridge project will provide a new four lane bridge over the Shoalhaven River, upgraded intersections and additional lanes on the Princes Highway.

The site will be shut down for the Australia Day public holiday on **Tuesday 26 January**.

Night work will continue to be carried out on the Princes Highway, Scenic Drive, and Bolong, Illaroo and Bridge roads for the safety of workers and road users and to avoid extended traffic delays during the day.

Night work will take place across the project from **Monday 1 February to Sunday 28 February**, weather permitting. Our night work will occur **Sunday to Thursday between 6pm and 7am**.

A summary of night work activities during February is below and a map of the work areas is provided over the page.

Location	Activities	Occurrence
<b>Bolong Road</b>	Placing and removing temporary traffic barriers, delivery and placement of material, service investigation work and relocating water, gas, electrical and communication services.	Up to 15 nights
<b>Princes Highway (between Mattes Way and Illaroo Road)</b>	Placing and removing temporary traffic barriers, loading and relocating material, service investigation work and relocating sewer, gas, electrical and communication services.	Up to 15 nights
<b>Illaroo Road</b>	Placing and removing temporary traffic barriers, service investigation work and relocating sewer, gas, electrical and communication services.	Up to 15 nights
<b>Princes Highway (between Shoalhaven River and Moss Street)</b>	Placing and removing temporary traffic barriers, asphalt paving, installing drainage, service investigation work and relocating water, electrical and communication services.	Up to 20 nights
<b>Bridge Road</b>	Service investigation work and relocating electrical and communication services.	Up to 15 nights
<b>Scenic Drive compound</b>	General office activities, pre-starts, vehicle movements and deliveries	Up to 20 nights
<b>Casting yard and temporary rock platform</b>	Continuing with piling activities including placing reinforcement, moving barges and machinery and unloading, positioning, drilling, welding and vibrating piles.	Monday to Friday until 7pm
	To ensure the quality and strength of the concrete in the foundation of the new bridge we will complete early morning concrete pours from February 2021. These concrete pours may start at 5am on required days.	Monday to Friday from 5am

## Traffic and pedestrian changes

There will be temporary traffic changes to ensure the work zone is safe. Lane closures, stop/slow traffic conditions and a 40km/h speed limit will be in place in both directions on the Princes Highway and Bolong, Illaroo and Bridge roads during the night work. Please keep to speed limits and follow the direction of traffic controllers and signs.

### Location of night work

## How will the work affect you?

During this work we will be using machinery and equipment that generate light, noise and vibration. We will make every effort to minimise disruption by:

- turning off machinery and vehicles when not in use
- using noise shields
- directing temporary lighting down and away from homes
- planning activities close to residents within standard construction hours and scheduling noisy activities earlier in the night, where possible
- fitting equipment with devices to minimise noise including reversing squawkers rather than beepers
- monitoring noise so we can manage any potential impacts and adjust our work, where possible.

Residents will have access to and from their properties at all times.

Properties affected by utility service outages will be notified separately by the service provider.

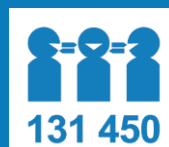

Oversize machinery and equipment may be delivered to these areas at night to avoid extended traffic delays during the day. Nearby residents will be notified if these vehicle movements are required.
