

Work continuing on Old Windsor Road, Bella Vista

Roads and Maritime Services is upgrading Old Windsor Road, Bella Vista as part of the NSW Government's Pinch Point Program which aims to ease congestion and improve both traffic flow and travel times on major Sydney roads.

Road users traveling between Sydney's North West and Parramatta are experiencing congestion and long wait times on Old Windsor Road between Seven Hills Road and Norbrik Drive.

To ease congestion, improve traffic flow and reduce travel times, we will:

- widen Old Windsor Road from two to three continuous lanes in each direction to ease congestion for motorists
- extend the right turn lanes from Old Windsor Road onto Seven Hills Road to improve southbound traffic flow
- provide off road ramps and designated crossings for cyclists, improving safety for all road users.

Our work schedule

We will be on site for up to **five days and five nights a week** for **59 night shifts and 70 day shifts - Tuesday 1 October to 20 December 2019**, weather permitting, excluding public holidays.

Our day work hours will be between **7am and 6pm** from **Monday to Friday** and between **8am to 1pm** on **Saturday**. Our night work hours will be between **8pm and 5am** from **Sunday to Friday**.

Contact

If you have feedback or concerns about the work schedule, or would like to know more about this project, please contact Old Windsor Road Upgrade Project Team on 0437 805 963 or owr.community@georgiou.com.au.

To find out more about this work, please visit project webpage at rms.work/widenoldwindsor.

Thank you for your patience during this important work.

We have planned the work schedule so the road upgrade can be completed as quickly as possible, limiting the impact on the local community. Some of this work needs to be carried out at night to minimise traffic disruption and reduce safety risks to the workers and motorists.

This stage of work includes:

- stormwater drainage to shoulders
- traffic island reinstatements
- traffic signals installs to M7 off ramp
- kerb and gutter installations
- milling asphalt pavement and re-sheeting
- street light installations
- signage and line marking
- adjusting temporary traffic barriers

If you have any questions or concerns about this night work schedule, please contact the project team at owr.community@georgiou.com.au or 0437 805 963. We will inform you in advance about future work schedules and night work.

How the work will affect you

There may be some impacts to residents during this work, including noise and lighting. Where possible, we will make every effort to minimise these impacts by turning vehicles and machinery off when not in use, by using less noisy equipment, by directing noise-generating equipment and lights away from properties, and by completing noisier activities by midnight. Existing noise barriers along Old Windsor Road will also help to minimise the impact of noisy tasks.

Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe. Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](https://www.livetraffic.com) or download the Live Traffic NSW App.

If you need help understanding this information, please contact the Translating and Interpreting Service on 131 450 and ask them to call us on 0437 805 963.
