

## Night work on Oxley Highway upgrade, Spencers Cutting

Roads and Maritime Services is upgrading the Oxley Highway at Spencers Cutting, about six kilometres east of Wauchope, to improve safety and traffic efficiency.

Work will start soon to build the western tie-in for the project, connecting the existing and new sections of road. When we have completed this work, traffic will be moved to the new road alignment and the final surface will be installed on the eastern end of the project, which is already open to traffic.

Due to high traffic volumes, we will be carrying out these activities at night.

We will be working at night from **Monday 6 May to Friday 24 May** between **6pm** and **6am**, weather permitting.

### How will the work affect you?

The work will involve the use of machinery which will generate some noise. We will make every effort to minimise noise by turning machinery off when not in use and positioning machinery away from residential areas where possible. Access to properties in the area will be maintained at all times.

### Traffic changes

Traffic will be reduced to one lane, alternate flow while the work is carried out. Traffic control and a reduced speed limit will be in place for the safety of workers and motorists. Motorists are advised to plan their journey, allow extra travel time and follow all signs.

### Contact

If you have any questions, please contact our Project Manager, Pablo Aguilar on 02 6580 3461 or [graffton.regional.office@rms.nsw.gov.au](mailto:graffton.regional.office@rms.nsw.gov.au).

Thank you for your patience during this important work.

If you need help understanding this information, please contact the Translating and Interpreting Service on 131 450 and ask them to call us on 131 782.
