

## Out of hours work on the Pacific Highway duplication at Lisarow from 1 November

The NSW Government is investing \$178 million to duplicate the Pacific Highway between Ourimbah Street and Parsons Road, Lisarow to improve traffic flow and safety.

We are working between **7am** and **6pm** on **weekdays** and **8am** and **1pm** on **Saturdays**. We expect the upgrade to be complete in **late 2023**, weather permitting.

Some out of hours work is required during **November** for the safety of motorists and workers to ensure work on the project is carried out as efficiently as possible.

Out of hours work will be carried out on the upgrade at **night** between **8pm** and **5am** from **Sunday** to **Thursday** and between **7am** and **5pm** on **Saturdays**, weather permitting.

We thank you for your patience while this important safety upgrade is carried out.

Below is a list of the upcoming planned out of hours work for November.

Activity	Duration
Placement of the final layers of gravel (pavement) beneath the new southbound lanes of the Pacific Highway approaching the bridge over the rail line.	2 evenings
Installation of stormwater drainage on Macdonalds Road	1 x 2 nights 1 x 3 nights
Asphalting and implementing new traffic arrangement at Tuggerah Street near the intersection of the Pacific Highway and Macdonalds Road	2 nights
Asphalting on the Pacific Highway between Parsons Road and Lisarow Station	2 nights
Asphalting at the intersection of the Pacific Highway and The Ridgeway	2 nights
Concreting for the bridge over the rail line	1 Saturday
Delivery of plant and equipment to site and accessing site compounds on Railway Crescent, Macdonalds Road and the northern compounds on the Pacific Highway	Ongoing

We have included a map to show the location and type of work in each area.

## How will the work affect you?

The out of hours work will involve the use of machinery which generates noise.

We will make every effort to minimise noise by completing noisier activities earlier in the night and turning off machinery and vehicles when not in use. Noise blankets will also be used around stationary plant, where possible.

**Directly affected residents will be contacted and advised of the likely impact and what we are doing to minimise disruption during the work.**

## Traffic changes

Lane closures and traffic control will be in place during the work and may affect travel times. There may be short term intermittent stops and a temporary 40 km/h reduced speed limit will be in place through the work zones for the safety of motorists and workers.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

## Contact

If you have any questions, or complaints please contact the project information line on 1800 560 667 or email [lisarow.enquiries@daracon.com.au](mailto:lisarow.enquiries@daracon.com.au)
