

Intersection upgrade at Box Road and Princes Highway Sylvania nearing completion

Community update | March 2022

Since our last update in October 2021, we have been upgrading the intersection at Box Road and Princes Highway in Sylvania. Project completion has been slower than expected due to higher than average rainfall in early 2022. The project is expected to be completed by **end of May 2022**.

The upgrade is part of the Gateway to the South Pinch Points Program and consists of road widening (within the road reserve) to provide turning lanes for improved access onto the highway, and a signalised pedestrian crossing across Box Road (east). The improvements would help reduce delays for bus services and motorists, while improving safety and pedestrian access.

Work completed

Between October 2021 and March 2022, we have worked on:

- utility and service relocations
- traffic signal and stormwater works
- widening of Box Road
- footpath, kerb and gutter works.

Work coming up

Between April and the end of May 2022, we will:

- finish all utility relocations
- complete asphaltting and road markings
- open the new turning lanes on Box Road
- tidy up the site and remove our temporary site sheds.

Intersection upgrade at Box Road and Princes Highway, Sylvania

Our work schedule

We expect to work up to **47 day** shifts and **39 night** shifts between **Friday 1 April** and **Tuesday 31 May 2022**, weather and site conditions permitting.

Our day work hours will be between **7am** and **6pm Monday to Friday** and **Saturday** between **8am** and **1pm**. Our night work hours will be between **7pm** to **5am**, up to **five nights** per **week**. We will not work on Sundays or during heavy rains.

We will not work during **Easter** on Friday 15, Sunday 17 and Monday 18 April, and **Anzac Day** on Monday 25 April 2022.

How will the work affect you?

There will be noise and disruptions associated with our work. We will do everything we can to reduce the disturbance to the community including completing the noisier tasks such as jackhammering and concrete saw cutting by **midnight**.

Traffic changes

There will be changed traffic conditions during our work at the intersection of Box Road and the Princes Highway for the safety of our workers and road users.

- There may be partial or full road closures.
- Residential access will be maintained, however there may be detours in place.
- Emergency service access will be maintained at all times.
- Bus 970 services between Hurstville and Miranda will run as normal.
- There may also be partial closure of footpaths in the work areas and clearly marked pedestrian detours will be provided.

For the latest traffic updates, call 132 701, visit [livetraffic.com](https://www.livetraffic.com) or download the Live Traffic NSW app.

Thank you for your ongoing patience as we carry out this important work.
