

Have Your Say – Intersection improvements at Princes Highway and Port Hacking Road, Sylvania

The NSW Government is funding a proposal as part of its \$300 million Gateway to the South Pinch Points Program which aims to ease congestion and improve journey reliability on Sydney's key southern corridors.

Roads and Maritime Services is seeking your feedback by **Monday 5 June 2017** on a proposal to widen Princes Highway to three westbound lanes and relocate the bus shelter on the eastbound side of Princes Highway to allow for three through lanes at all times.

This proposal includes:

- widening the westbound side of Princes Highway to increase the length of the three through lanes from 42 metres to 123 metres
- relocating the bus shelter with a new indented bus bay on Princes Highway eastbound
- upgrading traffic signals and signs
- asphaltting and painting line markings
- relocating lighting and power poles
- adjusting existing utilities.

Benefits would include:

- increased westbound lane capacity on Princes Highway which would reduce vehicle delay times and improve travel time for motorists, particularly during peak hours
- improved safety at the intersection.

We have included a map to show the location of the proposal.

Have your say

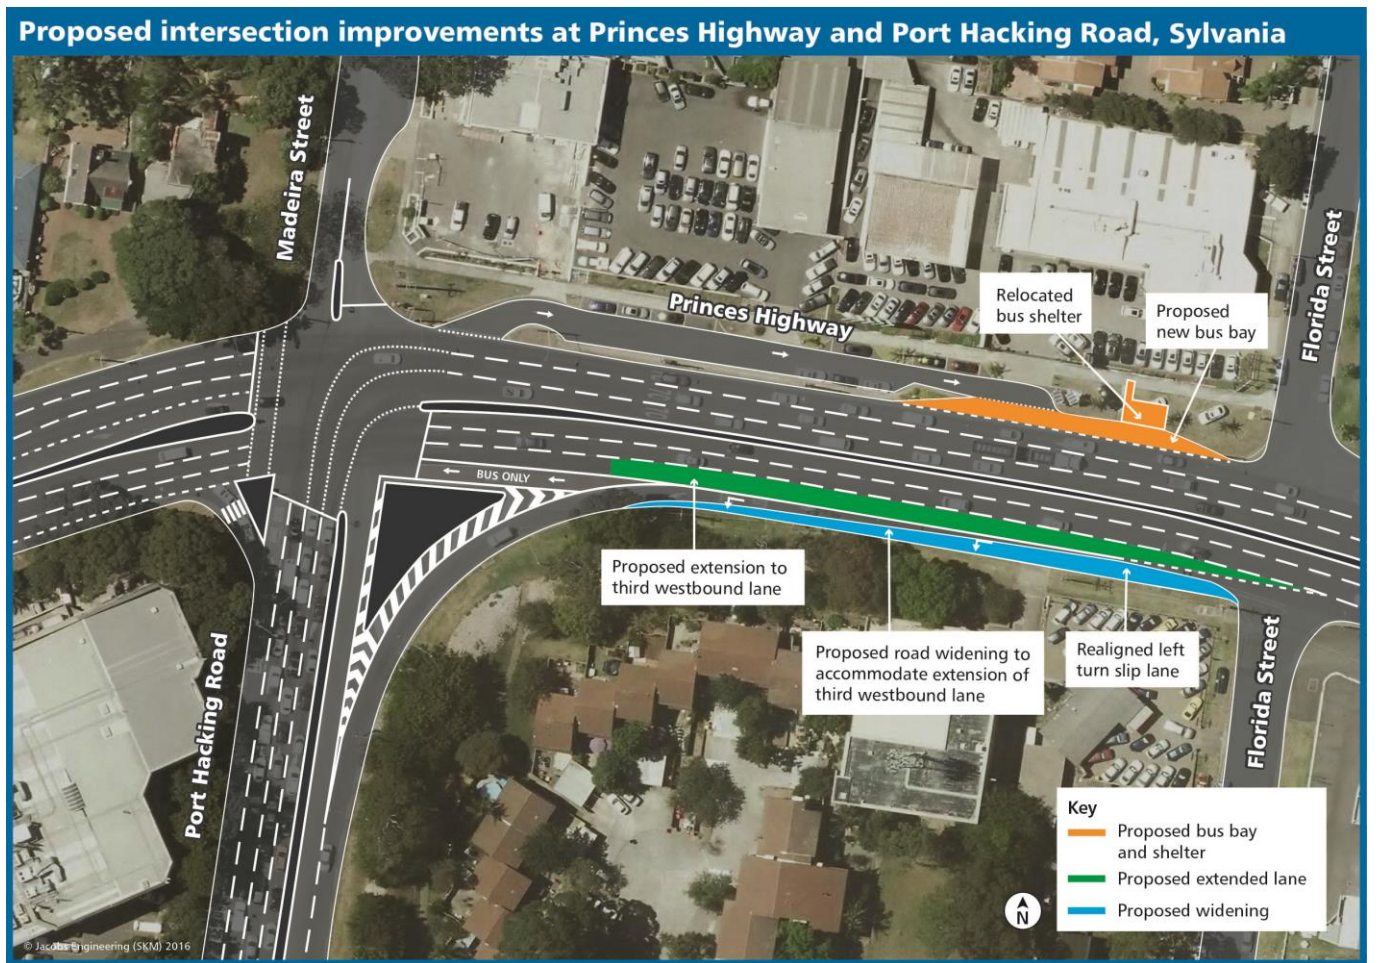

Roads and Maritime welcomes your comments on our proposal by **Monday 5 June 2017**.

Please send your comments to our Project Manager, Kaitlin Reidy, G2S@rms.nsw.gov.au, 0404 893 456 or

Gateway to the South Pinch Point Program,
Roads and Maritime Services,
PO Box 973,
Parramatta NSW 2124.

Next Steps

We will carefully consider all feedback received before deciding to proceed with the proposal. A community consultation report will be prepared, summarising the matters raised and our responses. This will be made available on our website. We will keep you updated as the proposal progresses.
