

Project update on the new roundabout at Hadrian Avenue and Keyworth Drive, Prospect and kiss and ride facility at Shelley Public School

January 2022

The NSW Government is upgrading Prospect Highway between Reservoir Road, Prospect and St Martins Crescent, Blacktown to reduce congestion and help meet future traffic demands on this corridor.

Transport for NSW is continuing to carry out early work on the Prospect Highway upgrade between Blacktown Road and St Martins Crescent. This work includes the installation of a new roundabout at the intersection of Keyworth Drive and Hadrian Road to improve safety and traffic flow and a kiss and ride facility at Shelly Public School.

Since June 2021, we have:

- completed stormwater drainage works
- installed new kerb and gutter
- completed road resurfacing and asphaltting
- completed the roundabout
- added final layer of asphalt
- installed footpath
- completed line marking
- carried out most of the work on the kiss and ride facility at Shelly Public School

To complete the roundabout, we will need to construct the remaining footpath and driveway and the pedestrian island for safe crossing of the road. This will be done in two shifts.

The kiss and ride facility at Shelly Public School has been completed but will need installation of a handrail which will be done in mid-February.

The safety and wellbeing of our workforce and the wider community is our highest priority. This work is in line with the Public Health Order and a COVID-Safe plan is in place, including masks and QR codes.

Our work schedule

We will be on site for two day shifts between Tuesday 18 and Wednesday 19 January, weather permitting

Our work hours will be:

- Day - Monday to Friday: 7am to 5pm

Location of new roundabout and kiss and ride facility

Traffic changes

There will be some temporary traffic changes including road closures to make the work zone is safe. Traffic control will be in place to direct road users through these changes. Please keep to speed limits and follow signs and traffic controllers' directions.

During construction, we will do our best to maintain access to driveways. However, there may be instances where driveways cannot be accessed.

Residents will be directly notified in advance of upcoming work.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Translating and Interpreting Service

If you need an interpreter, please call the Translating and Interpreting Service (TIS National) on **131 450** and ask them to telephone our delivery partner on 0466 520 143
