

Australian Government

BUILDING OUR FUTURE

Site establishment and night work continuing on Prospect Highway

January 2022

The NSW Government is upgrading Prospect Highway between Reservoir Road, Prospect and St Martins Crescent, Blacktown to reduce congestion and help meet future traffic demands on this corridor.

Transport for NSW has appointed Fulton Hogan to deliver the Prospect Highway upgrade between Reservoir Road, Prospect and St Martins Crescent, Blacktown. The upgrade will improve travel time, safety and reduce congestion for all road users.

Site establishment

Work is continuing on establishing the site compound at 167 Blacktown Road, Seven Hills, this work is expected to be completed and the site will be fully operational by mid February 2022, weather permitting.

During this time our work hours will be:

- Day – Monday to Friday: 7am to 6pm and Saturday 8am to 1pm
- Night – Sunday to Thursday: 9pm to 5am

After the site compound is established, the site will be used for toolbox talks and there will be vehicle and equipment movements throughout the day and night for the duration of the project. We will try to minimise the disturbance to surrounding residents at all times.

Prospect Highway early works

As part of the early works and in preparation for major construction work, night work will continue work on both the southbound and northbound lanes on the Prospect Highway between the Great Western Highway and Bungarribee Road, Blacktown.

This work will include the installation of safety barriers, removal of existing line marking, installation of new line marking, installation of project signage, utilities investigations, vegetation and tree clearing.

To lessen the disturbance on traffic and improve safety for workers and road users this work will be carried out at night from Sunday 30 January 2022 till mid March, weather permitting.

Our work hours will be:

- Night – Sunday to Thursday: 9pm to 5am

These works are in line with the current Public Health Orders and a COVID-Safe plan is in place, including the use of face masks and QR codes.

How will the work affect you?

Our work will be noisy at times, but we will do everything we can to lessen the disturbance of this work on surrounding residents and businesses. Noise reduction measures will be in place including using non-tonal reversing alarms on heavy vehicles, switching off plant equipment when not in use, installation of noise blankets and staging the work in different locations. Any highly noisy work will be carried out before 11pm.

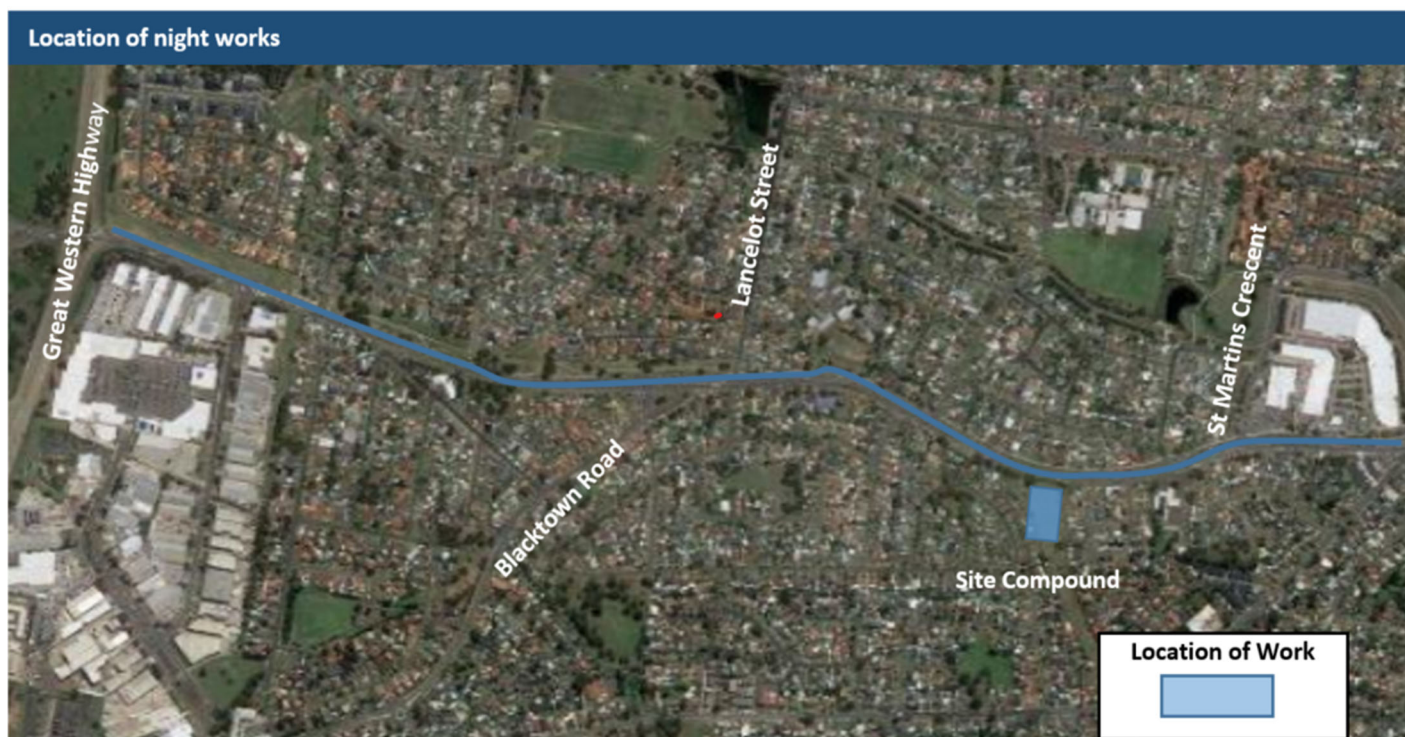

Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe.

Electronic message signs will also be in place to direct road users through these changes. Please keep to speed limits and follow signs and traffic controllers' directions.

Our work may affect travel times so please allow additional travel time.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
